DEDICATION

**Sarvaroopmayi devi sarv devimayA jagat.
Atoaham vishvaroopam tam namami parmeshvareem..**

By the blessing of Nav Chandeshwari who is mother of all, by bowing in feet of my divine guru, I dedicate this book to my grand father Late Pt. Durga Das Gaur who imparted to me the elements of astrology, to my father Late Pt. Ravi Datt Gaur and to my mother Late Mrs. Vijai Rani Gaur with my reverences who inspired me to learn the influence of celestial bodies.

In the company of world renowned astrologer Late Manik Chand Jain I developed interest in mundane astrology. I dedicate this book to all above mentioned great persons as a token of my gratitude.

Shri Jagdamba Prasad Gaur

AN INTRODUCTION

The writer of this book Dr. Jagdamba Prasad Gaur was born on 26th September 1957 at Sunaam, Distt Sangrur, Punjab at the home of Pt. Ravi Datt Gaur whose father Pt. Durga Das Gaur was a renowned astrologer. The mother of Dr. J.P. Gaur Mrs Vijai Rani Gaur was a learned and religious lady. By the grace of God Dr. Gaur inherited good values from his mother and knowledge of astrology from his grand father at a very early age. He continued work of astrology along with college studies using his intelligence, patience and determination and graduated from Punjab University. In 1977 he passed Prabhakar from Punjabi University. At present he is residing and practicing astrology at Jagraon, Distt. Ludhiana. His knowledge of religion, devotion to God and dedication for astrology has impressed people of Jagraon and surrounding areas very much. By God's grace Dr. Gaur came in contact with renowned astrologer Shri Manik Chand Jain who imparted knowledge of various spheres of astrology to Dr. Gaur between 1976 to 1982. Dr. Gaur established Jagdamba Astrological Research Centre at Jagraon in 1980 that was recognized later by Punjab Government. In 1991 he participated in the first conference of Future Point and visited Maldives, Canada and U.S.A. between 1992 to 1998. He served a large number of people by astrology and earned acclaim. Then he started writing on astrological subjects. His articles on mundane astrology and serial 'Planetary Positions and Trade' are regular features of Future Samachar. People acknowledge his mastery of ashtakvarg. Dozens of Astrological conferences have awarded him degrees like Jyotish Samrat, Jyotish Marmagya, Jyotish Shiromani etc. The International Council of Astrological and Occult Studies, Hyderabad conferred the degree Doctor of Astrological Science and All India Federation of Astrologers' Societies has awarded Jyotish Mahamahopadhyay to Dr. Gaur. He is governor of Punjab region of All India Federation of Astrologers' Societies and Chairman of its Ludhiana Chapter.

This book is before you. I hope it's deeply researched contents and lucid style will be useful for readers. This book is bound to be a milestone in the field of mundane astrology.

With my best wishes

PREFACE

**Aakrishnen rajsa vartmano niveshyannmritam martyam ch.
Hiranyayen savita rathena devo yati bhuvanani pashyan..**

Sitting on golden chariot, guide to all, enlightened Lord Sun gives light to all directions and remains visible. During night he travels in dark space and inspects worlds after keeping gods and humans busy in their work. A slight deviation in his administration causes lawlessness, turmoils, excessive rains, less rains, drought, landslide, earthquake etc there is uproar and distress everywhere. These words indicate that and There is definitely some relationship between planets, stars & good-bad events taking place in the world.

Mundane Astrology is a branch of astrology where good-bad results and events of villages, cities, provinces, countries, health of people, financial, social and political situations, things, weather, earthquakes, winds-storms, natural calamities, contagious diseases, relationships of nations, crops etc are analysed.

The financial, social and political situation of a country or province is sometimes very stable and sometimes it is totally fluid. The growth of a plant is not always the same although the land, seeds, fertilizer, water etc are same. During one year the production is sufficient while in another year it is poor in spite of good inputs. On one part of earth there are natural calamities, agonies, turmoils. At the same time at another part there is peace and progress. These phenomenons indicate that there in definitely some reason behind this mystery that at one place there is prosperity at one time but all of a sudden it is engulfed by strife. During one year the rains are heavy causing floods but in next year there is drought. Occasionally a commodity becomes expensive all of a sudden and sometimes its prices remain low for a long time. The knowledge of all these matters is obtained from Mundane Astrology.

As there are elections on earth for selection of prime minister etc for establishment of a democratic government and qualifications abilities of elected persons influence the areas ruled by them, in the same manner every year a celestial council is formed by planets to run the world. In celestial council apart from king and minister there are 10 lords of 4 months crop, winter crops, weather and rains, juices, trades, metals, treasure, security and fruits-flowers. I have written this book after going through books compiled by great scholars who were capable of knowing the happenings of 3 worlds such as Garg Samhita, Vrihatsamhita, Varahisamhita, Narpatirjayach, Savatsari Paddhati, Varshprabodh, Ardhmartand, Ardhprakash etc.

FOREWORD

Astrology in its original shape exists since time immemorial. In vedang literature this science is termed as eyes of vedas. Without its help the social and religious rituals of shraut and smartt communities (saints and familymen) were not considered as valid.

**Vedasya nirmalang chakshu jyoti shastra malkalmasham.
Vinaitadakhilam shraut-smart karmani na siddh yanti..**

In ancient literature, astrology is divided in 3 parts - Mathematics (Sidhanta), Science of time (Hora) and Mundane Astrology (Samhita).

**Triskandh jyotishamshastra chtularkshmudahrivam.
Ganitam jatakam vipra sanhita skandh sankshitam..**

In mathematics, there are methods to calculate longitude etc of planets and ascendant by addition, subtraction, multiplication, square etc.

In hora, there is analysis of good-bad events in the life of a person. The book that contains all subjects of astrology is samhita. In samhitas, ancient scholars such as Brahmagupt, Bhattotpala, Bhaskaracharya, Aryabhata, Varahmihir etc have described in details the effects of celestial happenings and rain etc on earth. In today's world, due to development of sciences and computers the calculation processes have become quite complicated. Therefore today's astrologers prefer to learn only predictive astrology.

However without knowledge of ancient branches of astrology, the knowledge of predictive astrology is indeed incomplete. The present book that has been written by Dr. Jagdamba Prasad Gaur and published by All India Federation of Astrologers' Societies on mundane astrology will go a long way in guiding the students of present age.

This book has been divided in 5 parts. i. Samvatsar Analysis, ii. National - International Events, iii. Weather iv. Crops and v. High-Low prices Analysis.

In this book, the national astrology has been discussed by imagining India in the shape of a tortoise and thereby methods for forecasts of states and provinces of those days have been described in a simple language. The 12 houses of mundane astrology have also been evaluated that are very useful for students. Apart from it results of eclipses in 12 months are present in this book.

The part v deals with high-low prices of various goods by the help of Sarvatobhadra Chakra, transit of planets, eclipses etc. This information is useful particularly for traders of grains.

I hope the present book will be useful equally for both students and practising astrologers. Shri Jagdamba Prasad Gaur and Shri Arun Bansal, President, All India Federation of Astrologers' Societies both deserve compliments. My best wishes are with them.

2. The Method of Knowing Samvatsar

Write the Vikrami samvat for which samvatsar is to be determined. Subtract 1927 out of it. Divide the remainder by 10. Note the quotient and remainder and find the samvatsar by the help of following tables.

Quotient Number Table

Quotient	1	2	3	4	5	6	7	8	9	10	11	12	13	14
Year	10	20	30	40	50	0	10	20	31	41	51	1	11	21
Month	1	2	4	5	7	8	9	11	0	2	3	4	6	7
Day	12	24	6	18	1	13	25	7	20	2	14	26	9	21
Ghari	14	28	43	57	12	26	40	55	9	24	38	52	7	21
Pal	24	48	12	36	0	24	48	12	36	00	24	48	12	36

Remainder Number Table

Remainder	0	1	2	3	4	5	6	7	8	9
Year	15	16	17	18	19	20	21	22	23	24
Month	3	3	4	4	4	4	4	4	4	5
Day	23	27	1	5	10	14	18	22	27	1
Ghari	16	30	43	57	10	24	37	50	4	17
Pal	48	14	40	7	33	00	26	52	19	45

Example- At present Vikrami Samvat 2059 is on 2059-1927=132.

From Quotient Table Years etc. for 13= 11-6-9-7-12

From Remainder Table Years etc. for 2=17-4-1-43-40

Add above 28-10-10-50-52

Above, the first number indicates samvatsar, the next number is months etc. of samvat. Therefore 29th samvatsar is manmath and 10 months, 10 days, 50 ghari and 52 pal have passed.

By subtracting the remaining period from 12 months, the remaining period of samvatsar may be known. Normally there is difference between initial and final time of samvatsar. Therefore for the whole year same samvatsar is accepted in practice.

Second (Simple) Method :

Add 9 in the samvat and divide by 60. The remainder number is last samvatsar.

Example : At present the samvat is 2059. Add 9 in it. It becomes 2068. Divide it by 60. The remainder is 28. It means 28 samvatsars have passed and present samvatsar is 29th, the manmath. The first 20 samvatsars, Prabhav to Vyaya belong to Brahma. The middle 20 samvatsars, Sarveet to Parabhav belong to Vishnu. The last 20 samvatsars Plavang to Kshaya belong to Shiv.

3. The Results of Samvatsars and their Lords

CHAPTER-3

SPECIAL HOROSCOPES

1. Method of Preparation of Ascendant Horoscope of the World

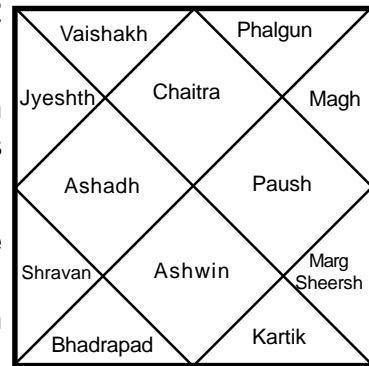

In the new year when Sun enters Aries (Aries Ingress), the horoscope prepared on the basis of its time as ascendant is called Universal Horoscope. The good-bad events of the world are analyzed on the basis of this horoscope.

If in ascendant of this horoscope, there are benefic planets or ascendant is aspected by benefics then crops of all things are good.

The twelve houses of universal horoscope indicate 12 months of samvat as is depicted in illustrated horoscope.

The good-bad results are known by the planets situated in various houses of horoscope. The house having benefics is considered lucky.

The malefics indicate unlucky results. The results are predicted on the basis of good-bad properties of planets. The presence of malefics-Sun, Mars, Saturn and Rahu in 7th house of universal horoscope damages the ripe crops.

If there are benefics in 2nd, 12th or quadrant houses in own sign or friendly sign then good crops are indicated and prices come down. Otherwise high prices or drought are likely.

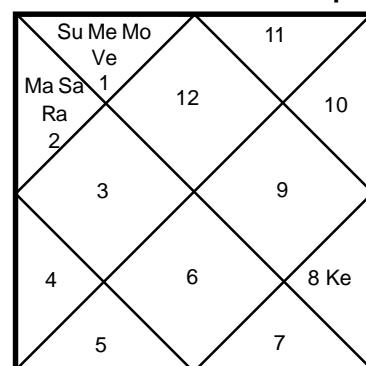

Example : We wish to prepare the universal horoscope of 2059. By ephemeris it is found that Sun is entering Aries at 05.49 hrs on 14th April. The horoscope based on this time is as shown.

In this horoscope there are malefics in 3rd and 9th houses. Therefore unlucky events are predicted for Jyeshtha and Margsheersh.

2. Method of Preparation of Annual Horoscope and its Results

When Chaitra Shukla Pratipada begins, at that time when amavasya ends, the horoscope prepared for that time is considered as New Year Entry Horoscope. The good/bad results of world are predicted for the year on the basis of

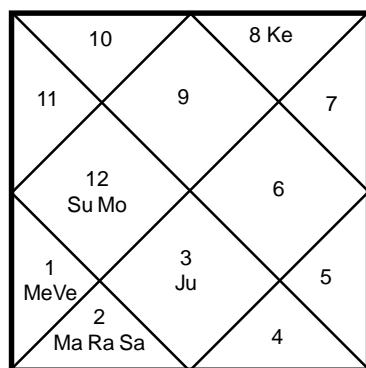

Universal Ascendant Horoscope

this horoscope.

Example : Suppose the new year horoscope is to be prepared for samvat 2059. For this we should look at Samvat 2058 Chaitra Krishna amavasya Friday i.e 12 April 2002 at 47 ghati 01 pal ie midnight time. On this basis the change over time is 13th April 2002 at 00.41 hrs. This is the time for New Year entry and its ascendant was Sagittarius. On this basis the horoscope prepared is as illustrated.

6. Virgo :

The situation is normal in Eastern states. Ghee prices are high. In South, there is drought. There is revolt in Eastern states. The West witnesses riots and grains are expensive. The North-Eastern provinces experience riots. In middle provinces the ghee is cheap, people are dissatisfied and democracy is dissolved.

7. Libra:

There is unrest in people in middle provinces and government is dissolved. In East too the administration is disbanded and riots spread widely. The rains are less. The strong winds cause losses. There is drought. In West, there could be war in two states. Goods are costly. The South witnesses prosperity but there could be rebellion for two months in West.

8. Scorpio :

There is drought for nine months in West. In North the crops yield is half, the metals are cheap. In East the rulers have acrimony, people suffer for 3 months but later on live comfortably. In middle provinces the crops of grains are destroyed. In South, the rains are more. The government is changed. The metals are profitable.

9. Sagittarius:

There is prosperity in North-East. The middle provinces suffer due to floods etc. There is danger of drought and diseases. In West, the grains and ghee are expensive. There is prosperity in South, but cattles suffer.

10. Capricorn :

There is loss of lives and wealth due to natural calamities in North. In West, the crops are good and life is comfortable. In middle provinces the crops are poor and grains costly. There are rains after a spell of drought. The areas of other directions have normal life.

11. Aquarius :

There is prosperity in East while the North suffers due to drought. The people in West remain dissatisfied due to high prices. There is violence in South but middle provinces have prosperity.

12. Pisces:

There is prosperity in South but few places witness change in government. In middle provinces the crops are damaged. In other directions life is comfortable and affluent.

4. Samvat Stambha

The existence of entire world is dependent on Water, Air, Grains and Herbal planets. The good-bad results of a year also depend on these elements and so are the well being of human beings and advancement of a nation. Each samvat has four stambhas:

- I. Jal Stambha (Water Column)
- II. Trin Stambha (Grass Column)
- III. Vayu Stambha (Air Column)
- IV. Anna Stambha (Grain Column)

The material that symbolizes the stambh is abundantly available in the samvat. The more the stambhas, the better it is. If stambhas are less, the result is medium. Absence of stambhas indicates bad period.

Method of Determination of Samvat Stambha and Result

1. Jal Stambha : If there is Revti constellation on Chaitra Shukla Pratipada the Jal Stambha is formed.

Result: The rains are more in that year.

2. Trin Stambha: The Bharni constellation on Baisakh Shukla Pratipada forms Trin Stambha.

Result : During that year medicinal plants grow more.

3. Vayu Stambha : The Mrigshira constellation on Jyeshtha Shukla Pratipada indicates Vayu Stambha.

Result: The wind speed is more in that year.

4. Anna Stambha: Punarvasu constellation on Aashadh Shukla Pratipada forms Anna Stambha.

Result: The grains production is high during that year.

Now we shall discuss how percentage of a stambh for a samvat is calculated. For this, duration of the constellation in dates (tithis) mentioned above is taken and on its basis the percentage of stambh is calculated.

Suppose we wish to analyse the jal stambha of 2059.

From ephemeris we find that Revti Chaitra Shukla Pratipada 13 April 2002 beginning 00.51 hrs to 14th April 02.53 hrs. Therefore total duration of Pratipada is 26 hours 02 minutes = 1562 minutes. Now Revti constellation is present on 13th April 2002 only till

03.13 hrs.

Therefore Revti was in Pratipada for only 2 hours 22 minutes = 142 minutes. This is 9% of total duration of 1562 minutes.

Therefore Jal Stambha is 9% Similarly percentages of other stambhas are determined.

An year comprising of all 4 stambhas is lucky and prosperous. An year, devoid of all stambhas is unlucky and painful.

Suppose in any samvat there are only Trin stambha and Anna stambha. Therefore the result for that year will be medium. In that samvat there will be sufficient Grasses, medicinal plants and grains will be available at proper time. However absence of Jal Stambha and Vayu stambha will result in lack of rains. Therefore above mentioned good results will be only medium and two stambhas present in the year will not be able to render full benefic results.

Questions

1. How Universal Horoscope is prepared?
2. How horoscope for an year is prepared? Discuss the results of Leo ascendent for New Year Horoscope.
3. What are the types of stambhas? How the stambhas are determined for a samvat? Describe its results briefly.

CHAPTER-4

KOORMA CHAKRA

(TORTOISE CHART)

1. To draw Koorma Chakra and Result :

In mundane astrology the results of countries, cities, villages, good-bad events, rains, earthquakes, natural calamities, progress, downfall etc. are analysed on the basis of koorma chakra. In this chart, a drawing of tortoise is made and is marked by 27 constellations.

On the Back of Tortoise ie. in the middle of drawing: Krithika, Rohini, Mrigshira.

Towards Mouth (In East) : Ardra, Punarvasu and Pushya.

Front Foot (Right) (South-East) : Aashlesha, Magha, Poorvaphalguni.

Right side Stomach (South): Uttaraphalguni, Hast, Chitra.

Back Right Foot (South-West): Swati, Anuradha, Vishakha.

Tail (West): Jyeshtha, Mool, Poorvashadh.

Back Left Foot (North-West): Uttarashadh, Shravan, Dhanishtha.

Left Stomach (North) : Shatbhisha, Poorva-bhadrapad, Uttarabhadrapad.

Front Left Foot (North-East): Revti, Ashwini, Bharani.

To determine the good-bad events or results for a piece of land, village, city, district, province, country etc. the Tortoise chart is established on it.

Thus 5 Tortoise charts are made.

1. On the map of world.
2. On the map of country.
3. On the map of province.
4. On the map of district or city.
5. On the map of city.

The way you are observing the overlapping of Koorma Chakra constellations on map of India, similarly it can be done on the map of world, province, city or village.

Whenever a constellation has vedha of malefics or that constellation has malefic or is aspected by a malefic, the area represented by that constellation will suffer.

Similarly the presence, vedha or aspect of a benefic on the constellation will indicate bliss and prosperity in the area represented by that constellation.

Note: The Vedha constellation of a planet can be known by Sarvatobhadra chakra as described in chapter 9.

2. The Signification and Nature of Planets

1. Sun belongs to fire element. Sun being the lord of all planets represents kings, administrators, president of the country, ministers, judges etc. Sun is signifier of forests, medicines etc. Sun being a traveller causes changes in atmosphere.

Mundane Horoscope

5. Influence of Eclipses on Earth

In every year there are solar and lunar eclipses. These have immense influence on countries and areas. Now we shall discuss the eclipses in details.

Effects of Solar and Lunar eclipses during 12 months

Chaitra : If there is solar or lunar eclipse in Chaitra then at few places rains are excessive. There is drought at few places or floods elsewhere. The rains may come with interruptions. The intellectuals, traders, actors, writers, artists etc suffer.

Baisakh: The eclipse in baisakh indicates good crops ahead. However armed forces suffer.

Jyeshtha: The governments are changed in states. The senior executives of government, very important persons and rioters suffer.

Aashadh : The eclipse in Aashadh indicates less rains. The rivers-drains change their course. There is scarcity of water in the country.

Shravan: There is peace and comforts every where except Kashmir, Bhutan, Nagaland, Kurukshetra and Madhya Pradesh.

Bhadrapad: An eclipse in this month indicates sufferings to ladies of Saurashtra, Bangladesh etc.

Ashwini: The surgeons suffer.

Kartik: The persons working near fire (goldsmith/blacksmith etc) suffer. The people of Bihar, Ayodhya, Mathura, Varanasi too suffer.

Margsheersh : The crops are good but religious people suffer. There are also miseries at borders.

Paush : The scholars and generals suffer. The rains are scantily.

Maagh: The students and scholars have difficult days.

Phalgun: The actors, artists, musicians and yogis face hardships.

Result of Eclipses in Different signs

1. Aries : If eclipse takes place in Aries then persons engaged in fire related jobs and armed persons suffer. There are riots in Punjab, Orissa, Mathura etc.

2. Taurus: The very important persons and people engaged in milk related activities suffer.

3. Gemini: Rulers, government employees and artists suffer, The People residing near Yamuna river suffer due to natural calamities.

4. Cancer : The eclipse in Cancer is detrimental for Tribals, wrestlers and handicapped persons.

5. Leo: Political parties, officials of ruling and opposition parties suffer.

6. Virgo : Writers, singers, scholars and farmers suffer.

7. Libra: The traders suffer. There could be riots in Rajasthan, Kachcha and Ujjain provinces.

8. Scorpio: Users of poison or chemicals, southern provinces and army officers suffer.

9. Sagittarius: The eclipse in Sagittarius causes sufferings to rulers, doctors, vaidyas, businessmen and technologists.

10. Capricorn: Families of very important persons, ministers, medicine manufacturers and intellectuals suffer.

11. Aquarius: Workers, western provinces, high altitude mountainous provinces and border areas suffer.

12. Pisces: The eclipse in Pisces causes miseries to intellectuals and persons engaged in water related work.

The Influence of Aspect of Planets on Solar / Lunar Eclipse

1. The aspect of Mars on solar or lunar eclipse results in fires, smuggling, war clouds at few places.
2. The aspect of Mercury causes bitterness amongst rulers.
3. The aspect of Jupiter destroys bad effects of eclipse.
4. Aspect of Venus causes turmoils in the country. The ripe crops are destroyed.
5. Due to aspect of Saturn drought, thefts etc take place, the rains are scarce.

The Results of Solar Eclipse after Lunar Eclipse

If Lunar eclipse is followed after 15 days by Solar eclipse then rulers become tyrants. The mutual love of married persons is reduced.

If Solar eclipse is followed by Lunar eclipse after a fortnight then religious sentiments of people increase. The masses live happily.

2. **2 hours after sunrise** : More conflicts.
3. **Afternoon** : The crops are poor and grains are expensive.
4. **At Sunset** : Good crops, the grains are cheap.
5. **At Night** : People live with comforts.
6. **Midnight** : All diseases increase.
7. **After midnight:** The first half of night is lucky but second half gives bad results.

3. Method of Preparation of Ardra Entry Horoscope and its Results:

The horoscope prepared according to the time of entry of Sun in Ardra is called, Ardra Entry Horoscope. This horoscope is also helpful for predictions.

If in this horoscope Sun and Moon are situated in quadrants or trines 1,4,7,10,5 or 9 houses, Moon is in watery sign and there is aspect of benefics then production of grains is excellent. The aspect of malefics destroys the crops.

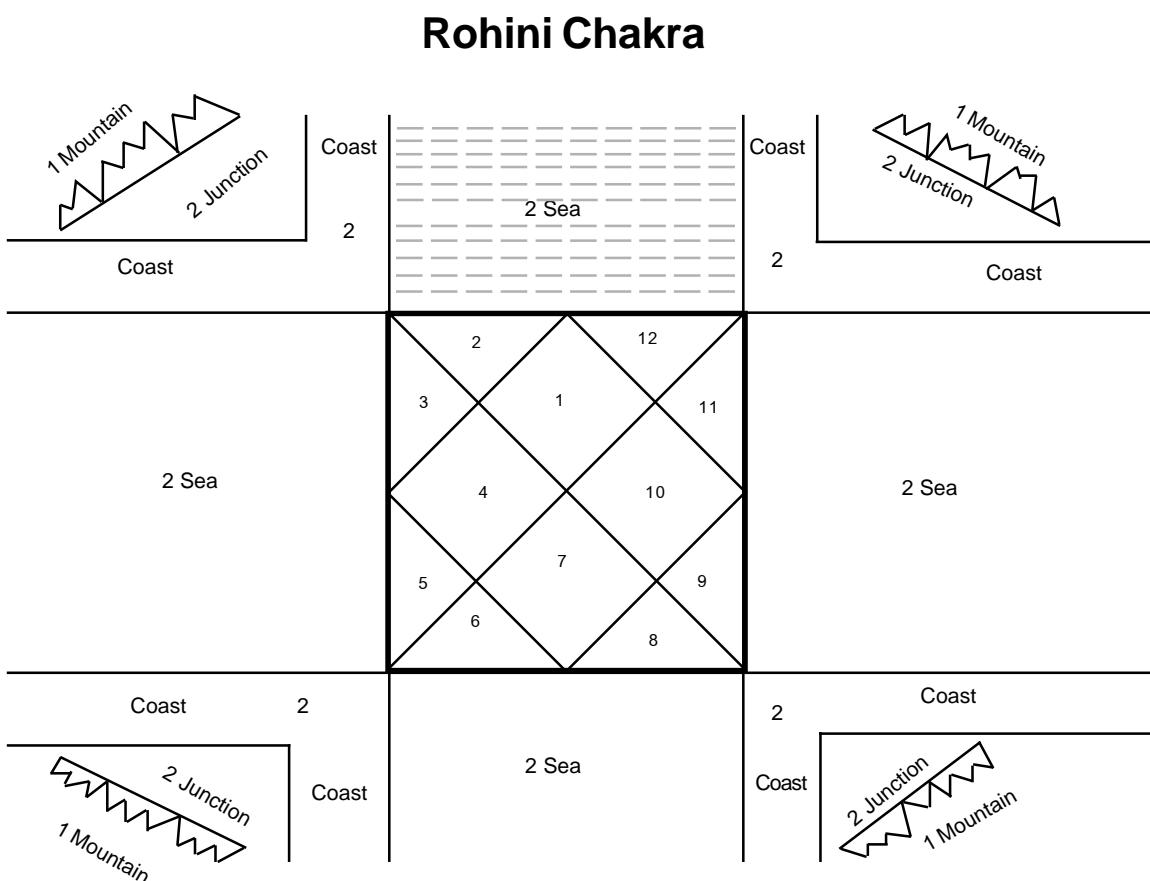

Example : The Sun is entering in Ardra in Samvat 2059 in Jyeshtha, Shukla, Triyodashi on Saturday i.e. on 22nd June 2002 in Vishakha constellation, Siddha Yog, Moon in Scorpio at 08.50 hrs. The horoscope is shown as above :

In this horoscope ascendant lord Moon is in trine (5th house) in Scorpio (watery sign) with Ketu. The ascendant is watery sign and is being aspected by three malefics of Taurus, Mercury, Saturn and Rahu. Therefore rains are expected to be sufficient. The Sun is in 12th house with Mars and Jupiter. This indicates losses at various places due to floods or droughts.

The entry in Ardra on Triyodashi indicates good rains. The Ardra entry on Saturday means conflicts. In Vishakha, the Ardra entry indicates diseases. In Siddha yog it means increase in grains and more diseases. Overall the situation appears to be good.

4. Rohini Chart

In Samudra Chakra (Sea Chart) find the constellation on Aries Ingress. Starting with it $2 \times 4 = 8$ constellations are earmarked for sea, 2×4 for shore, 1×4 for mountains and 2×4 for junction (Sandhi) thus 28 constellation (including Abhijit) are established. The place where Rohini is established in called Rohini Niwas (Residence).

Example : In Samvat 2059 on the day of Aries ingress falls the Ashwini constellation. On this basis Ashwini+ Bharani are in sea. Krithika and Rohini on shore, Mrigshira on mountain and Ardra+ Punarvasu are on Sandhi junction. In this manner all constellations are established. Here as Rohini is on shore, therefore shore is its residence.

Results of Rohini Residence:

1. **Sea** : Rains are more. The crops production is sufficient.
2. **Shore** : Rains are sufficient. Grains are accumulated.
3. **Sandhi** : Rains are less but crops do not suffer.
4. **Mountain** : Rains are less and crops suffer.

Residence of Time:

1. If residence of Rohini is in sea then time resides at gardener's house.
2. If it is in Sandhi (junction) then time resides at trader's home.
3. If on mountain then time resides at potter's home.
4. If at shore then at washerman's house.

1. What is Ardry Entry? How Ardra Entry Horoscope is prepared?
2. Prepare the Ardra Entry Horoscope for Samvat 2060 and analyse its results.
3. What is the result of Ardra entry in Swati constellation, Shashthi date, Wednesday and Shobhan yog?
4. How the results of Ardra entry vary according to time?
5. How residence of Rohini is calculated?
6. Where will be the residence of Rohini in Samvat 2060? What will be the result?

CHAPTER-6

WEATHER

In the metereological section of Indian astrology there are many methods to know about less rains, excessive rains, winds, storms, snowfall, landslides etc.

Out of these few methods are used widely by astrologers such as Trinadi chart, Saptnadi chart, Constellation number chart, Nakshatra Mandal chart etc. We shall learn about weather by the use of these charts.

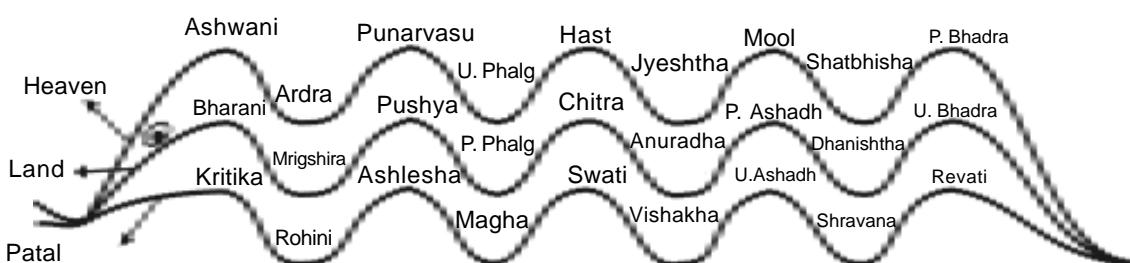

Snake shaped Trinadi Chart

In this chart a shape of a snake is drawn and three nadis are made on it. The upper nadi is known as heaven, the middle one as earth and bottom nadi as patal. In each nadi Ashwini etc. constellations are written.

First of all by the serial of constellations Heaven-Earth-Patal and then Patal-Earth-Heaven, the 27 constellations are established as shown in figure. In the chart Heaven is shown as beginning, Earth as middle and Patal as infinity.

Pri	Ashwni	Ardra	Punarvasu	U.Phala.	Hast	Jyeshta	Moola	Shatbhisha	P.Bha.
Mid	Bharani	Mrigsh.	Pushya	P. Phala.	Chitra	Anuradha	P.Asha.	Dhanishtha	U.Bha.
Last	Kritika	Rohini	Ashlesha	Magha	Swati	Vishakha	U.Asha.	Shravan	Revati

Trinadi Chart

1. The Results of Weather etc. by Snake Trinadi Chart

- When all benefic - malefic planets come in one nadi, the rains are more. The rains will continue till the planets are in one nadi.
- The rains are good when strong Sun and Jupiter are together in one nadi.

3. There is danger of excessive rains when all male planets are in one nadi.
4. When female and eunuch planets are in one nadi, there is danger of hail storm.
5. When malefics and benefics are together in Heaven nadi, the rains are heavy.
6. When malefics are in Heaven nadi and benefics in Earth, there are rains.
7. The malefics in Heaven nadi and benefics in Patal indicate scarcity of rains.
8. There are no rains when malefics are in Patal nadi and benefics in Heaven nadi.

Constellation Number Indication Chart

In Constellation Number Indication Chart the 27 constellations are counted as Female, Male and Eunuch. Some constellations belong to Sun and others to Moon.

Constellations of Sun: Rohini, Mrigshira, Poorvaphalguni, Uttaraphalguni, Hast, Chitra, Swati, Vishakha, Anuradhy, Jyeshta, Mool, Shatbhisha and Poorvabhadrapad.

Constellations of Moon: Ashwini, Bharani, Krithika, Ardra, Punarvasu, Pushya, Ashlesha, Magha, Poorvashadh, Uttarashadh, Shravan, Dhanishtha, Uttarabhadrapad and Revti.

Prediction of Weather etc. by Above

When both constellations are Sun, Sun: The air will flow.

When both are Moon, Moon : No rains

When Sun, Moon : There are rains

Example : Suppose Sun is on Punarvasu and Moon on Mrigshira. According to formula explained above Sun is in Moon's constellation and Moon on Sun's constellation. Therefore there will be rains. Similarly by the gender of constellations the rains are predicted.

Male Constellations: Ashwini, Bharani, Krithika, Rohini, Mrigshira, Mool, Poorvashadh, Uttarashadh, Shravan, Dhanishtha, Shatbhisha, Poorvabhadrapad, Uttarabhadrapad, Revti.

Females : Ardra, Punarvasu, Pushya, Ashlesha, Magha, Poorvaphalguni, Uttaraphalguni, Hast, Chitra, Swati.

Eunuchs : Vishakha, Anuradha, Jyeshta.

Result : The results of constellations of Sun and Moon and their genders are as below:

1. If both planets are in male constellations (male, male) : The sky remains clear.
2. Female - Female : The air flow is good or sky is clouded.
3. Female - Male : Good rains.
4. Eunuch- Eunuch : The air flow is good, the temperature is high.
5. Male or Female - Eunuch : Light rains

Moon	Ashwini, Bharani, Kritika, P.Ashadh, U.Ashadh, Shravan, Dhanishtha, U.Bha. Revati.	Male
Sun	Rohini, Mrigshira, Moola, Shatbhisha, P.Bhadrapad	
Sun	P. Phal., U. Phal., hast, Chitra, Swati	Female
Moon	Adra, Punarvasu, Pushya, Aashlesha, Magha	
Sun	Vishakha, Anuradha, Jyeshttha.	Eunuch

Example : Suppose Sun is in Punarvasu. Its gender is female. The Moon is in Revti(male). The combination of female-male indicates good rains.

2. Prediction of Rains etc. by Saptnadi Chart

The 28 constellations (including Abhijit) are divided in 7 nadis.

The 7 Nadis : Chanda, Vayu, Dahan, Saumya, Neera, Jala and Amrita. Nadi and Nadi Lord for a constellation can be known by Saptanadi chart given below :

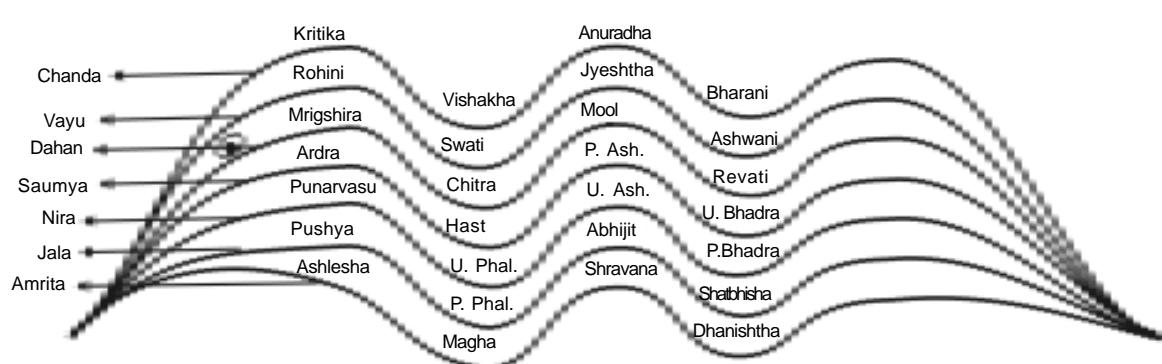

Saptnadi Chart

Constellation				Nadi	Lord	Gender
Kritika	Vishakha	Anuradha	Bharani	Chanda	Shani	Neutral
Rohini	Swati	Jyeshttha	Ashwini	Vayu	Sun	Male
Mrigshira	Chitra	Moola	Revti	Dahan	Mars	Male
Adra	Hast	Poorva.	U.Bha.	Saumya	Jup	Male
Punarvasu	U.Phal	U.Asha.	P.Bhad.	Neera	Friday	Female
Pushya	P.Phal.	Abhijit	Shatbhisha	Jala	Mercury	Male
Ashlesha	Magha	Shravan	Dhanishtha	Amrita	Moon	Female

Mundane Astrology

If 2 or more planets come on one or more constellations of a nadi then it is Vedha (Obstruction) of that nadi.

Snake Shaped Saptnadi Chart

1. If in Chanda nadi there are two or more malefic planets there are winds and storms and if benefics are present there are strong winds.
2. In Vayu nadi, 2 or more planets: The air flows with high velocity.
3. In Dahan nadi, 2 or more planets: Many incidents of fires on earth.
4. Saumya nadi, 2 or more planets: Lucky.
5. Neera, 2 or more planets : Light rains.
6. Jala : Excessive rains.
7. Amrita : Good rains.

The planets also render results in their nadi according to the nadi lord. For example Moon the lord of Amrita when present in Amrita is highly benefic. In this way planets give their results when they arrive in their nadi. The planets render results according to the nadi of their residence.

1. If Moon is present on one constellation out of 4 constellations of a nadi and cruel and gentle planets are also present on that constellation, there will be rains on that day.
2. If cruel and gentle planets are present on a constellation. Till the time these have longitudinal combination with Moon (The degree of planets and Moon are same), there will be heavy rains.

- 
3. If a Nadi has only gentle or only cruel planets and Moon is also present on that Nadi, there will be light rains or there will be clouds in the sky.
 4. If the lord of a nadi is present in that nadi and weak Moon is also present, there will be rains.
 5. If there are gentle and cruel planets present in Amrita nadi and lord of this nadi Moon is also present then within 1,3 or 7 days there will be rains twice, four times or five times. Similarly in Jala if Moon is present along with gentle and cruel planets then there will be rains upto 36 or 72 hours. It means that when in one constellation Moon and planets are together, there will be rains till Moon is in degrees of planets.

The Results of Presence of Planets in a Nadi Based on their Genders

When there is Vedha (obstruction) of a nadi by

- i. 2 Male planets : Air will flow in all directions.
- ii. 1 Male - 1 Female : There will be rains.
- iii. 2 Eunuchs : There will be dust storm.

Important Note : Since rains at one time are less at one place, more at another and nil at some other place therefore find the status of constellations for a particular place, province etc. and look for the constellation at the Saptam Nadi chart and find Nadi. By the rules described above, the rains etc for that city can be predicted.

Example : We can predict about rains etc. by Sapt nadi Chart as follows.

Suppose Jupiter and Venus both gentle planets are in Neera respectively in Punarvasu and Uttarashad. In this way there is Vedha (obstruction) of Neera. Its result is light rains.

Now if Moon too comes in Neera by arriving in Poorvabhadrapad then 2 gentle planets and Moon are in one nadi. Its result is light rains or clouds in sky. Additionally result of vedha by male and female planets is rains. On the basis of all this it can be assumed that at that time or day there will be rains but it will be light.

The Rain Table

The Rain Table can foretell on which day and time, there will be rains. The dates in which there are rains in the months of December, January February, March and April, normally on same dates the rains take place in the months of July, August, September, October and half of November.

According to Indian Mundane Astrology normally there are rains in winter only after 12 December. On the basis of it the rains in rainy season begin with this date. Suppose the rain began in Ludhiana in winter on 7th December. According to rain table the rains will come in summer on 30th June.

Similarly suppose there were rains in Delhi in winter on 4th February, then according to the table it will occur on 18th August. If there were rains in Jaipur in winter on 12th March, according to table rains will be in Jaipur on 23rd September.

Rain Barriers Chart

Sun remains in Rohini approximately since 25th May to 6th June i.e. for 13 days. In Rain Barriers chart the rainless days are mentioned according to dates of Sun's stay in Rohini.

	1	2	3	4	5	6	7	8	9	10	11	12	13
	May	June	June	June	June	June	June						
Date	25	26	27	28	29	30	31	1	2	3	4	5	6
Day	72	50	45	42	39	34	21	30	28	24	21	16	12

In the chart, below 25th May is written 72. It means that if on 25th May there were light rains at one place then for 72 days ahead these will be hurdles in rain. However if on 25th May there were good rains then there will be good rains after a break of 72 days.

If during Sun's stay in Rohini (15th May to 5th June) the weather is very hot then rains ahead will be good. If winds are strong, the rulers will have conflicts.

If there is thunder lightning then rains will be less but if this happens for many days, it is regarded as lucky.

If there are clouds in sky, rains ahead will be less.

Light rains also indicate less rains ahead.

ii. During Sun's stay in Mrigshira if wind speed is high then it is lucky. If there are no winds then rains will be less and delayed.

iii. If in the month of Paush there are clouds from Mool to Bharni then in the rainy season ahead there will be rains during Sun's stay in Ardra to Vishakha.

Const. of Paush	Moola	P.Ashadh	U.Ash.	Shravan	Dhanis	Shat.	P.Bha.	U.Bha.	Revti	Ashwini	Bharani
Nak. of Sun	Adra	Punarvasu	Pushya	Ashlesha	Magha	P.Pha	U.Pha.	Hast	Chitra	Swati	Vishakha

Example : Suppose in Paush (Sagittarius sign) when Sun is in Uttarashad, there are clouds then when Sun will be in Pushya, there will be good rains.

Similarly in Chaitra (mostly in dark half) when Sun being in Pisces is in Moola it will be better if sky is clear till Bharni. If there are clouds or rains then according to chart there will be scarcity of rains.

3. Prediction of Rains etc. by Planetary Combinations

1. When Mercury and Venus are in one sign and have relationship with cruel planets then there are no rains.
2. When Mercury and Venus are in one sign, have relationship with a cruel planet and are being aspected by Jupiter, there will be heavy rains.
3. When Mercury and Jupiter are in one sign and aspected by Venus and there is no aspect of a cruel planet, there will be very good rains.
4. When Jupiter and Venus are in one sign and are aspected by Mercury and cruel planets there will be excessive rains.
5. Mercury, Jupiter and Venus are in one sign and no cruel planet is aspecting, the rains will be good.
6. Mars, Venus and Saturn are in one sign and aspected by Jupiter, the rains will be good.
7. The relationship of Mars or Venus with Moon gives excessive rains.
8. When a gentle planet is ahead and cruel planet behind, the rains will be heavy.
9. When Sun and Jupiter are together in one sign, the rains will continue till the Jupiter is combusted.
10. The relationship of Mercury and Jupiter in one sign brings rains.
11. When Mercury and Venus are in one sign and Venus leaves the company of Mercury due to retrograde motion, there will be continuous rains for 5 to 7 days.
12. When Sun of Cancer is aspected by Jupiter, there are rains.

13. When a planet rises or is combusted and receives aspect of Jupiter, there are rains.
14. The relationship of Venus and Saturn in one sign gives less rains.
15. When cruel planets change their motion from retrograde to direct and when Jupiter changes to retrograde motion it is good for rains.
16. When cruel planets have a high speed (Atichari), they bring less rains, when gentle planets are retrograde, they bring rains.
17. When Jupiter is in Leo, Virgo or Libra and two or more planets are present in its 11th house, there are heavy rains.
18. When Mars is in 7th house from Venus and Jupiter is in 7th house from Saturn, there are annihilating, catastrophic rains.
19. When cruel planets (Sun, Mars and Saturn) and gentle planets (Moon, Mercury, Jupiter, Venus) are in 7th house to each other, there will be catastrophic rains.
20. When Venus is combusted, Jupiter is rising, Mars and Saturn have high speed, there will be rains.

Signs of Rains :

If in evening there are clouds in East and one cloud is like a mountain, one is like an elephant or like a white elephant etc. there will be rains soon within 5 nights.

If above shaped clouds are seen in North in evening, there will be sufficient rains for three days. If similar shaped clouds are seen in West in evening, there will be rains soon. If there are heavy clouds in South creating dark sky, there will be some rain within three nights.

If there are clouds in South- East, there will be more heat and less rains.

If there are clouds in South-West, the rains cause agony and diseases.

If there are clouds at high altitude in North-West, the rains will arrive soon.

If there are clouds in North-East, there are uninterrupted rains.

If there are strong winds from South and wind from West is also present, there will be rains soon. The winds from East indicate early rains.

If during the Sun's entry in rainy season constellations such as Ardra etc, the lagna (ascendant) is in watery signs such as Aquarius, Cancer, Pisces, Capricorn, Scorpio then there will be rains in rainy season.

4. Prediction of Rain by Horary

When a person of cheerful manners comes to the astrologer and enquires about rains etc. then the analysis is done by preparing the horoscope of that time.

1. If there is watery sign in 2nd or 3rd house and watery planets are situated there, the rains will arrive soon.
2. If there is combination in one sign of Mercury-Venus or Jupiter-Venus or Mercury-Jupiter, the rains will come soon without any doubt.
3. If Saturn or Rahu is present in 4th house, there will be no rains. Drought is likely.
4. If benefic planets are present in quadrants (1,4,7,10), there will be rains and prosperity.
5. If there is a planet in one house ahead of Sun and one planet is one house behind it, there are rains.
6. If Sun is situated between Mercury and Venus, there will be good rains soon.
7. If Mars is ahead of Sun, there will be hurdles in rain.

CHAPTER-7

HOROSCOPE OF CROPS (Sasya Jatak Horoscopes)

1. Horoscopes of Crops

Maharshi Vadnarayan had developed the methods of preparation of horoscope of a seasonal crop for the benefit of farmers and traders for the prediction of yield of crops, good-bad events, rise or fall of prices etc. The way the future of a person is discussed by preparation of his horoscope, the horoscopes of winter and summer crops are prepared to discuss the good-bad results.

2. Preparation of Horoscope of Summer Crop

When Sun enters Scorpio in his transit i.e. Scorpio Ingress, the horoscope of that time is called Summer Season Crop Horoscope.

Example : Suppose we wish to prepare the summer crop horoscope of year 2002 A.D. For this when we look into the ephemeris we find that Sun is entering Scorpio on 16th November 2002 at 16.05 hours. Therefore horoscope of this time will be regarded as summer crops horoscope.

3. Winter Crops Horoscope

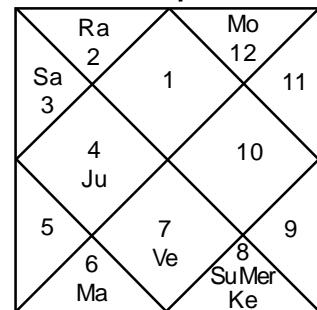

When transiting Sun enters Taurus (at the time of Taurus Ingress), the horoscope of that time is Winter Crops Horoscope.

Example : Suppose we wish to prepare the winter crops horoscope of the year 2002. According to ephemeris the Sun is entering Taurus on 15th May 2002 at 02.40 hours. Therefore horoscope of this time will be winter crops horoscope.

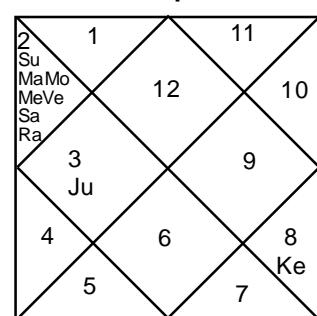

Important : In above horoscope analysis is made on the basis of ascendant as well as on the basis of Sun's sign considered as ascendant by establishing all planets in their signs of residence.

- Sun being in Scorpio if there are benefics in quadrants (1-4-7-10) to Sun or Sun is aspected by strong benefic

Horoscope of Summer Crop

Horoscope of Winter Crop

planets then summer crops are good. The grains of summer (wheat, barley, gram, pulses) are cheap.

When Sun is in Taurus and there are benefic planets in quadrants (1-4-7-10) to Sun or Sun in Taurus is aspected by strong and benefic planets then winter crops are good. The winter grains moong, moth and millet are cheap.

- ii. When Sun is in Scorpio, Jupiter in Aquarius and Moon in Leo or Jupiter is in Leo and Moon in Aquarius then summer crops are good and summer grains are cheap.
When Sun is in Taurus, Jupiter in Aquarius and Moon in Leo or Jupiter is in Leo and Moon in Aquarius, then winter crops are good and cheap.
- iii. When Sun is in Scorpio, and in 2nd or 12th house from Sun there is Mercury or Venus or both then summer crops of grains are sufficient. If along with above combination Sun is aspected by Jupiter then produce of summer crops is excellent.
If Sun is in Taurus and in 2nd or 12th house from Sun there is Mercury or Venus or both then winter crops of grains are sufficient. If along with above combination the Sun is aspected by Jupiter then produce of winter crops is excellent.
- iv. If Sun is in Scorpio and in 7th house from it are Jupiter and Moon (i.e. in Taurus) and other benefic planets are between Mercury and Venus (i.e. Mercury or Venus is ahead or behind Sun) then produce of summer crops and other crops is good.
If Sun is in Taurus and in 7th house from it are Jupiter and Moon (i.e. in Scorpio) and other benefic planets are between Mercury and Venus (i.e. Mercury or Venus is ahead or behind Sun) then produce of winter crops is good.
- v. When Sun is in Scorpio and in 11th house from it is Venus or Moon and Mercury is in 2nd house then produce of summer crops is good. If along with above combination Jupiter is in 10th house then produce is excellent and cattles give sufficient milk.
When Sun is in Taurus and in 11th house from it is Venus or Moon and Mercury is in 2nd house then produce of winter crops is good. If along with above combination Jupiter is in 10th house then produce is excellent and cattles give sufficient milk.
- vi. When Sun is in Scorpio, Jupiter in Aquarius, Moon in Taurus, Saturn and Mars are in Capricorn then produce of summer crops is good. However there are many conspiracies in the country hatched by enemies and there is danger of disease.
When Sun is in Taurus, Jupiter in Aquarius, Moon in Taurus and Saturn, Mars are in Capricorn then produce of winter crops is good but there is danger of disease.
- vii. When Sun in Scorpio comes between malefics Mars and Saturn then summer crops are poor or destroyed. The grains are costly. If malefics (Mars and Saturn) are in 7th house from Sun i.e. in Taurus, then summer crops are poor or destroyed.

The goods become expensive.

When Sun is in Taurus and is situated between malefics-Mars and Saturn then winter crops are poor or destroyed. The winter grains become expensive.

If malefics (Mars and Saturn) are in 7th house from Sun i.e. in Scorpio then too the winter crops are poor or destroyed and are costly.

viii. When Sun is in Scorpio and a malefic is present in 2nd house from it and Sun does not receive aspect of a benefic the winter crop is destroyed soon after sprouting. Therefore crops are obtained by reseeding.

When Sun is in Taurus and a malefic is present in 2nd house from it and Sun is not aspected by a benefic planet then winter crops are destroyed soon after sprouting. The crops are obtained by reseeding.

ix. When Sun is in Scorpio and in 7th house from it (i.e. in Taurus) there is one malefic either Saturn or Mars and the other malefic is in 1st, 4th or 10th house then summer crops are destroyed. However if these malefics have aspect of a benefic planet then crops are not destroyed everywhere but only at few places.

When Sun is in Taurus and in 7th house from it (i.e. in Scorpio) these is one malefic either Saturn or Mars and the other malefic is in 1st, 4th or 10th house then winter crops are destroyed.

However if these malefics receive aspect of a benefic then winter crops are not destroyed every where but only at few places.

x. When Sun is in Scorpio and one malefic out of Saturn and Mars is in 7th house and another is in 6th house then produce of summer crops is good and its cost comes down.

When Sun is in Taurus and one malefic out of Saturn and Mars is in 7th house and another is in 6th house then produce of winter crops is good and its cost is low.

In all combinations mentioned above when produce is good, prices are low and when output is low, prices are high. These combinations should be analyzed along with Summer Crop Horoscope and Winter Crop Horoscope.

In the same manner it is useful to prepare horoscope of entry of Sun in all signs (at the time of ingress) and analyze it.

Questions

1. How is the Summer Crop Horoscope prepared? Explain with examples.
2. Prepare the winter crop Horoscope of Samvat 2060 and analyze briefly its results.

CHAPTER-8

THE OWNERSHIP OF PLANETS

1. Materials and Goods Owned by Planets

Sun's Materials and Goods : Gold, copper, grains, wheat, mustard, perfumery, red colour things, silk and leather goods. Their signifier is Sun.

Moon's Materials and Goods: Silver, rice, wheat, barley, materials produced out of water, salt, juicy materials, sugarcane, pearl, shells, honey etc. Their signifier is Moon.

Mars' Materials and Goods : Copper, gur, red things, coral, mensil, red flowers, red fruits, arms etc are signified by Mars.

Mercury's Materials and Goods: Green things, vegetables, green clothes, moong, arhar (lentils), peas, plants, peanuts, perfumery, rise and fall in business. Their signifier is Mercury.

Jupiter's Materials and Goods : Turmeric, gold, yellow materials, things grown on climbing plants, topaz, cotton cloth, rock salt (saintha namak) etc are signified by Jupiter.

Venus' Materials and Goods : Silver, silken clothes, ghee, hosiery goods, sugar, white things and materials of luxury are owned by Venus.

Saturn's Materials and Goods : Hot (peppery, acrid) things, big factories, steel mills, leather goods, blue and black clothes, til(sesame), urad (lentil), gram, peas, machinery, chemicals, foreign capital etc are governed by Saturn.

Materials of Rahu and Ketu : Agate (gomed), goat, donkey, camel, onions, garlic, foul smelling things etc.

The increase - decrease in production of above goods in forecast by exaltation-debilitation, retrogression, direct motion, rise, combustion, malefic-benefic etc. situation or aspect of signifier planets.

2. The Naturally Signifying Materials of Zodiac Signs :

1. Aries : Red wheat, barley, red colour, red sandal, cloth, silk, woolen clothes, pashmeena wool, turmeric, gums, gold, silver, herbs, masoor (lentil) etc.

2. Taurus : Ghee, milk, cotton thread and cotton clothes, white things, sugar, salt, aniseed etc.

- 3. Gemini :** Millet, maize, cotton seed, yarn, jute and its materials, cotton, rice etc.
- 4. Cancer :** Silver, grocery materials, banana, grass, cinnamon, onion, cassia, orange, lemon, tea and spices.
- 5. Leo :** Gram, grains covered by straw, gur , all juicy materials, leather etc.
- 6. Virgo :** Millet, arhar (lentil), peas, moong (lentil), moth(lentil), wheat, green clothes, khand, sugar, linseed, rajma etc.
- 7. Libra :** Urad (horse bean), wheat, barley, coconut, arhar (a lentil), mustard, peas.
- 8. Scorpio :** Gur, khand, sweets, perfumery, til (sesame), black things.
- 9. Sagittarius :** Juicy materials, potato, alkaline materials, white grains, roots, sea-products, salt.
- 10. Capricorn :** Gold, iron, coal, steel, glass, bell metal, trees.
- 11. Aquarius :** Water products, urad (horse bean) til (sesame), oils, grocery material, electric goods, electronic materials.
- 12. Pisces :** Ghee, oil, fish, war materials.

There are innumerable materials in the world. The zodiac sign of a material is decided by the first letter of its name.

3. Materials Governed by Constellations :

Different materials are governed by different constellations. Their details are as below:

- Ashwini :** Rice, edible powder (churna), grains of all types, clothes, ghee, camel, pony etc animals.
- Bharani :** Husky grains, millet, chillies, all herbs.
- Krithika :** Rice, barley, metals, til (sesame), ruby, diamond.
- Rohini :** All grains, all juices, all metals, woolen clothes, old blankets.
- Mrigshira :** Horses, buffalo, cows etc animals, lac, koda, grains, donkey, tuar (a lentil), gems.
- Ardra :** Salt, oil, all alkalies, all juices, aromatic things like sandal.
- Punarvasu :** Gold, silver, cotton, millet, kushumbh, black silken cloth.
- Pushya :** Gold, silver, ghee, rice, rock salt, asafoetida, oil, mustard, vegetables.
- Aashlesha :** Majeeth (madaar), gur, khand (sugar), wheat, dry ginger, chillies, koda, grains, rice.
- Magha :** Til (sesame), oil, ghee, coral, gram, linseed, gur.

Poorva Phalguni : Wool, blanket, millet, oil, silver items.

Uttaraphalguni : Urad (horse bean), moong (kidney bean), rice, koda, rock salt, garlic, vegetables.

Hast : Sandal, camphor, pine, aloes, red sandal, roots.

Chitra : Gold, gems, moong (kidney bean), urad (horse bean), rice, gur, horse, vehicle.

Swati : Betelnut, chillies, mustard oil, asafoetida, dates etc.

Vishakha : Barley, wheat, rice, moong (kidney bean), masoor (a lentil), moth (a lentil), grains etc.

Anuradha : Tuar (a lentil), all grains except pulses, rice, moth, gram.

Jyeshtha : Guggul, gur, lac, camphor, mercury, asafoetida, kalsi.

Mool : White things, juices, grains, rock salt, salts, cotton.

Poorvashadh : Collyrium (surma), husk, grains, ghee, roots (kandmool), joorna, rice.

Uttarashadh : Horse, ox, elephant, iron goods, all alkalies, ghee.

Abhijit : Grapes, dates, betelnuts, cardamom, moong (kidney bean), nutmeg, horse.

Shravan : Chestnut, chironji, pippal, betelnut, husk, grains.

Dhanishtha : Gold, silver, currencies, ruby, pearl, gems etc.

Shatbhisha : Oil, koda, wine etc, Aanwla (a fruit), roots of plants having extractable materials, sheet made of bark.

Poorvabhadrapad : Priyangu root, mace, all grains, all herbs, pine.

Uttarabhadrapad : Gur, khand, sugar, oilcake, rice, ghee, ruby, pearl.

Revati : All materials of grocery, ruby, pearl, coconut, betelnut.

Questions

1. Describe the materials and goods owned by various planets.
2. Describe the materials and goods governed by 12 signs.
3. What are the materials governed by three constellations of Ketu.

HIGH- LOW PRICES ANALYSIS

CHAPTER-9

1. Method of Determination of Vedha (Obstruction) by Sarvatobhadra Chart :

Maharshi Narapati has mentioned Sarvatobhadra Chart in his book Jaycharya. This chart is valuable for knowing high-low prices of goods and for predicting good-bad events of a village, city, province, country etc. According to Narapati this chart is valuable for knowing residence of a planet on a constellation, transit from one constellation to another or to know vedha of a sign, thereby prediction of events.

2. To Know Vedha by Situation of a planet on a Constellation :

A planet situated at a constellation creates vedha from three directions.

- #### 1. Towards right by southern aspect.

2. Towards left by left aspect.
3. Towards front by front aspect.

There are three motions of planets.

1. Retrograde motion
 2. Accelerated (atichari) motion
 3. Medium (Normal) motion
1. When a planet situated on a constellation has retrograde motion, it obstructs (vedha) right side constellations, signs and letter by its right aspect.
 2. When the planet is in accelerated motion then it obstructs left side constellations, signs and letters by left aspect.
 3. When the planet is in medium motion then it obstructs a constellation only in front of it.

The motion of 5 planets Mars, Mercury, Jupiter, Venus and Saturn changes from time to time. Therefore their aspects also vary.

The Sun and Moon are always in accelerated motion, Rahu and Ketu are always retrograde. Therefore the aspects of these 4 planets is always on three sides (left, right and front).

It is essential for students to learn that a planet situated on a constellation obstructs which constellation, letter and sign. The detailed information is as below :

1. Planet Situated on Ashwini:

- i. Obstructs Jyeshtha, Sagittarius and letters च (Cha), अः (Ah) and य (Ye) by right aspect.
- ii. By left aspect, obstructs Rohini and उ (U)
- iii. By front aspect, obstructs Poorva Phalguni.

2. Planet Situated on Bharani :

- i. Obstructs Anuradha, Aries and Scorpio and ल(Le) and न(Ne) letters by right aspect.
- ii. By left aspect to Krithika.
- iii. Obstructs Magha by front aspect.

3. Planet Situated on Krithika

- i. Obstructs Bharani by right aspect.
- ii. Obstructs Vishakha, अ and त, Taurus and Libra by left aspect.
- iii. Obstructs Shravan by front aspect.

4. Planet Situated on Rohini

- i. Obstructs Ashwini and ऽ by right aspect.
- ii. Obstructs chitra, क, प letters and Cancer, Leo signs by left aspect.
- iii. Obstructs Abhijeet by front aspect.

5. Planet Situated on Mrighshira

- i. Obstructs Revti, अ and ल by right aspect.
- ii. Obstructs Chitra, क, प and Cancer, Leo by left aspect.
- iii. Obstructs Uttarashadh by front aspect.

6. Planet Situated on Ardra

- i. Obstructs Uttarabhadrapad, ब, लृ and च by right aspect.
- ii. Hast, ह, लृ and र by left aspect.
- iii. Obstructs Poorvashadh by front aspect.

7. Planet Situated on Punarvasu

- i. Obstructs Poorvabhadrapad, क, and र and Aries, Taurus by right aspect.
- ii. Uttaraphalguni, ऊ and म by left aspect.
- iii. Obstructs Poorvashadh by front aspect.

8. Planet Situated on Pushya

- i. Obstructs Shatbhisha, ह, स and ओ and Gemini, Pisces by right aspect.
- ii. Uttaraphalguni ऊ by left aspect.
- iii. Obstructs Jyeshtha by front aspect.

9. Planet Situated on Ashlesha

- i. Obstructs Dhanishtha, व, ऊ and ग and Cancer, Aquarius by right aspect.
- ii. Magha by left aspect.
- iii. Obstructs Anuradha by front aspect.

10. Planet Situated on Magha

- i. Obstructs Ashlesha by right aspect.
- ii. Shravan, म, and ख, Leo and Capricorn by left aspect.
- iii. Obstructs Bharani by front aspect.

11. Planet Situated on Ardra

- i. Obstructs Pushya and ऊ by right aspect.
- ii. Abhijit, ठ, अ and ज letters, Virgo and Sagittarius by left aspect.
- iii. Obstructs Ashwini by front aspect.

12. Planet Situated on Uttaraphalguni

- i. Obstructs Punarvasu, म, and ऊ by right aspect.
- ii. Uttarashad, प, भ and Libra, Scorpio by left aspect.
- iii. Obstructs Revti by front aspect.

13. Planet Situated on Hast

- i. Obstructs Ardra, ठ, लृ and ह by right aspect.
- ii. Poorvashad, ज, र and ए by left aspect.
- iii. Obstructs Uttarabhadrapad by front aspect.

14. Planet Situated on Chitra

- i. Obstructs Mrigshira, क, and घ letters, Cancer and Leo by right aspect.
- ii. Moola, त and न by left aspect.
- iii. Obstructs Poorvabhadra by front aspect.

15. Planet Situated on Swati

3. Result of Benefic/Malefic Planets Situated on Different Constellations

Cruel and Malefic Planets : Sun, Mars, Saturn, Rahu and Ketu.

Gentle and Benefic Planets : Moon, Mercury, Jupiter and Venus

- i. The joining of a malefic planet with Mercury gives inauspicious results while joining of a benefic planet with Mercury gives good results.

When benefic planets obstruct in Sarvatobhadra chart, the prices go down. Obstruction (Vedha) by malefics cause rise of prices. The results may be modified by national and political situation

Ashwini

- i. Obstruction by Malefics : Rice, all grains, grasses, clothes of all types, ghee, pony, camels etc. become expensive.
- ii. Obstruction by Benefics : Above materials become cheap.

Bharani

- i. Obstruction by Malefics : Grains such as wheat, rice, barley, gram, millet etc, cuminseed (jeera), black pepper, dry ginger etc spices and grocery materials become expensive.
- ii. Obstruction by Benefics : Above materials become cheap.

Krithika

- i. Obstruction by Malefics : Rice, barley, gram etc grains, oil materials, ruby, emerald,

diamond etc gems, gold, silver etc metals become expensive.

- ii. Obstruction by Benefics : Above things become cheap.

Rohini

- i. Obstruction by Malefics : Wheat, gram, barley, rice etc all grains, all metals such as gold, silver, all juices, blankets, old woolen clothes etc are costly.
- ii. Obstruction by Benefics : Above materials become cheap.

Mrigshira

- i. Obstruction by Malefics : Grains such as koda, tuar (lentil), liquids, cattles, lac, ruby etc become expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Ardra

- i. Obstruction by Malefics : Oils, salt, all salty things, all juicy materials, sandal etc become expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Punarvasu

- i. Obstruction by Malefics : Millets, cotton thread, cotton, jute, kusumbh, silken black clothes, gold, silver etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Pushya

- i. Obstruction by Malefics : Gold, silver, rice ghee, sambhar salt, asafoetida, sajji (saltpetre), mustard oil etc. are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Ashlesha

- i. Obstruction by Malefics : Wheat, koda, rice, masoor (a lentil), dry ginger, majeeth, chillies, gur and khand are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Magha

- i. Obstruction by Malefics : Oils, til (sesame), ghee, moong (a lentil), gram, linseed, gur, kanguni, coral etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Poorvaphalguni

- i. Obstruction by Malefics : Clothes, wool, blankets etc, millet, til (sesame) and silver items are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Uttaraphalguni

- i. Obstruction by Malefics : Urad (horse bean), moong (kidney bean) etc pulses, rice, koda, rock salt, garlic and vegetables are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Hast

- i. Obstruction by Malefics : Camphor, sandal, pine, beet roots, agar (Aloe wood) etc become expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Swati

- i. Obstruction by Malefics : Betelnut, chillies, mustard, oil, cotton, asafetida, dates and grocery materials become expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Vishakha

- i. Obstruction by Malefics : Wheat, rice, barley, moong (kidney bean), masoor (a lentil), grains, cotton etc become expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Anuradha

- i. Obstruction by Malefics : All pulses such as tuar, moth, rice, gram etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Jyeshtha

- i. Obstruction by Malefics : Guggul, gur, lac, camphor, mercury, asafoetida, higulu, bell metal etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Mool

- i. Obstruction by Malefics : All white things, all juicy materials, grains, rock salt, cotton, thread etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Poorvashad

- i. Obstruction by Malefics : Surma (Collirium), husky grains, vegetables having roots, fruits, rice etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Uttarashad

- i. Obstruction by Malefics : Ghee, horses, ox, elephants, metals such as iron, vehicles of all types and all other things become expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Abhijit

- i. Obstruction by Malefics : Grapes, dates, cardamom, nutmeg, betelnut, moong (kidney bean) and grocery materials will be expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Shravan

- i. Obstruction by Malefics : Chestnut, chironji, pippali, betelnut, sweet things, grains etc. are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Dhanishtha

- i. Obstruction by Malefics : Gold, silver etc metals, all currencies, ruby, pearl etc gems are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Shatbhisha

- i. Obstruction by Malefics : Oils, koda, liquor, extracts, roots- leaves-bark etc of trees such as aonla are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Poorvabhadrapad

- i. Obstruction by Malefics : All metals, all herbs, all grains, pine, priyongu roots etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Uttarabhadrapad

- i. Obstruction by Malefics : Gur, khand, sugar, til(sesame), oil materials such as mustard, oilcake, rice, ruby and pearl are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Revti

- i. Obstruction by Malefics : Coconut, betelnut, all grocery materials, ruby, pearl etc are expensive.
- ii. Obstruction by Benefics : Above things become cheap.

Example : The method of evaluating high-low prices of grains, metals etc by the use of Sarvatobhadra chakra is as below :

Suppose we wish to know the high-low prices in bazaar for a particular day. For this find the constellations that are being obstructed on that day by sarvatobhadra chakra on the basis of motion of all planets (direct, retrograde, accelerated).

Now evaluate the results of obstructions by benefic and malefic planets in various constellations and find which materials are likely to be expensive or cheap.

When planets change constellations, the constellation obstructed by them also changes and market situation will continue to change.

Questions

1. Give detailed information about Sarvatobhadra Chart.
2. What is the contribution of Sarvatobhadra Chart in knowing high-low prices? Write a short note.
3. When a planet is retrograde, it obstructs in which direction?
4. Sun obstructs in which direction?
5. Does the change of motion of a planet have any influence? Explain briefly.

CHAPTER-10

TRANSIT OF PLANETS

Results of Transit of Planets

The movement of planets by direct/retrograde motion to different signs and constellations is called transit.

Transit of Sun

Results of Transit Through Various Signs

Aries : Gold, silver, gur, sugar, fruits, dry fruits, til (sesame), oil, ghee, thread etc become expensive while grains such as wheat and pulses are cheap.

Taurus : Gold, silver, gur, sugar etc juicy materials, til (sesame) and other oil materials, dry fruits etc are expensive. Gram, barley etc grains and pulses are cheap.

Gemini : Gold, silver, gur sugar, etc juicy materials, til, oils and oil materials, jute materials, thread, grains such as wheat and gram and pulses are expensive.

Cancer : Grains such as wheat, gram, barley etc, pulses moong (kidney bean), moth, arhar, urad (horse bean) etc are cheap while gold, silver etc metals, gur, sugar, khand, fruits, dry fruits etc are expensive.

Leo : Gold, silver, gur khand, sugar etc juicy materials, til, oils, red coloured things and gems are expensive but grains and pulses are cheap.

Virgo : The cotton is cheap but til (sesame) and other oil materials, cotton, coconut etc are expensive.

Libra : Wheat, wood apple, barley, gram, gold, copper, red sandal, betelnut etc are expensive while cotton and silver are cheap.

Scorpio : Gold, silver, copper, cotton etc are expensive while red colour things are cheap.

Sagittarius : Wheat, gram, barley etc grains are cheap. Gold, silver, cotton, thread, til (sesame) and oil materials are expensive.

Capricorn : Wheat, gram etc grains, jute materials are cheap but gur, khand, sugar etc juicy materials, cotton, thread, oil and ghee are expensive.

Aquarius : Grains such as wheat and gram are cheap. Gur, khand, jute materials, til and oil materials, ghee, ground nut are expensive.

Pisces : Sesame, oils and oil materials, juicy materials such as gur, khand, cotton, thread and gold are expensive but grains and pulses are cheap.

The Results of Sun in Various Constellations

Ashwini : Gold, silver, copper, iron, til (sesame), oils and oil materials, red sandal, cotton cloth, clove, cardamom and grains are expensive but cotton is cheap.

Bharani : Gold, silver, copper etc metals, brass utensils, wheat, barley, gram etc grains, juicy materials such as gur, khand etc, ghee and oil materials are expensive but cotton is cheap.

Krithika : Gold, silver, wheat, barley, gram etc grains, pulses such as moong (kidney bean) moth etc, oil materials and ghee are expensive.

Rohini : Wheat, barley, gram etc grains, juicy materials such as gur and khand , oils, oil materials and ghee, woolen and cotton clothes, chillies are expensive but silver is cheap.

Mrigshira : Gold, silver, moong (kidney bean), moth, urad (horse bean), pulses, gram millet etc grains and materials cultivated in water etc are expensive.

Ardra : Wheat, gram, rice, barley etc grains, silver, cotton, oil cake are expensive. Gold becomes cheap.

Punarvasu : Gur, khand etc juicy materials, cotton, thread, til (sesame), oil materials, pulses and grocery materials are expensive.

Pushya : Wheat, barley, gram, rice etc grains, til, oils, oil materials, gold, silver etc metals and woolen clothes are expensive. Cotton and thread are cheap.

Ashlesha : Wheat, rice, gram etc grains, pulses such as urad and moong, gold, silver etc metals, oils, ghee and chillies are expensive.

Magha : Til (sesame), oil materials, pulses such as moong, silver are expensive.

Poorvaphalguni : Wheat etc grains, gur, khand, oils and oil materials, ghee, woolen and cotton clothes and gold are expensive but silver is cheap.

Uttaraphalguni : Gold, silver, iron etc metals, til, oil materials, ghee, rice, urad, cotton etc are expensive.

Hast : Barley, wheat etc grains, gur, khand etc juicy materials, spices such as turmeric, coriander are expensive.

Chitra : Gold, silver etc metals, grains such as gram, pulses, yarn, red clothes, gur and khand are expensive.

Swati : Gold, silver etc metals, gur, khand, oil materials, perfumes, yarn and silk clothes are expensive.

Vishakha : Wheat, rice, barley etc grains, pulses, til, oil materials, gur and khand are expensive but silver is cheap.

Anuradha : Grains such as wheat, barley, woollen clothes are expensive but wheat, gold, silver are cheap.

Jyeshtha : Gold, silver etc metals, wheat, barley, gram, rice, oil materials, perfumes, gur and khand are expensive but cotton is cheap.

Mool : Gold, silver, cotton, yarn etc are cheap.

Poorvashadh : Gur, khand, woolen clothes, silver, til(sesame), oil materials are expensive.

Uttarashadh : Wheat, gram, rice etc grains, pulses such as moong, urad, gur, khand etc juicy materials, oil materials and jute goods are expensive.

Shravan : Wheat, barley, rice etc grains, gur, khand, gold, silver and yarn are expensive.

Dhanishtha : Wheat etc grains, pulses, gold, silver, gems, cotton and yarn are expensive.

Shatbhisha : Grains such as wheat, til (sesame) and other oil materials, gur, gold, silver, cotton clothes, perfumery etc are expensive.

Poorvabhadrapad : Wheat, gram etc grains, pulses, gur, khand, oils, oil materials, ghee, gold, silver etc metals, clothes are expensive.

Uttarabhadrapad : Wheat, rice, gur, khand etc juicy materials and oils are expensive.

Revati : Wheat, gram, rice etc grains, oil materials, peanuts, cotton etc are expensive.

Note : The results of entry of Sun in a constellation materialize in 14-15 days.

Results of Weekdays Falling on Ingress :

Ingress : The entry of Sun from one zodiac sign to next sign is called ingress (sankranti). The ingress is called according to entering sign. For example when Sun enters Taurus then it will be called Taurus Ingress.

Aries Ingress : When it falls on Sunday, Tuesday and Saturday, wheat, gram, barley, majeeth (madder), saffron etc are expensive.

When on Monday : Gur, khand, oils, oil materials, cotton and cotton clothes are expensive.

Thursday : Grains are cheap.

Wednesday and Friday : Grains are cheap but white things and sugar are cheap.

Taurus Ingress :

Sunday, Tuesday and Saturday : Grains, gur and khand, dry fruits and grocery materials

Mundane Astrology

are expensive.

Monday : Grains are expensive.

Wednesday, Thursday and Friday : Grains are cheap. Oils, oil materials, cotton, and cotton clothes, white things and sugar are expensive.

Gemini Ingress

Sunday, Tuesday and Saturday : Grains are expensive.

Wednesday : Gems are expensive.

Monday , Thursday and Friday : Grains and yarn are expensive.

Cancer Ingress

Sunday and Tuesday : Grains such as wheat, gram, gur, khand and ghee are expensive.

Monday, Thursday and Friday : Grains are cheap.

Wednesday : The trees break down due to high velocity winds, birds are destroyed.

Saturday : Grains are expensive, gold, silver copper etc metals are cheap.

Leo Ingress

Sunday, Tuesday and Saturday : Pulses such as moong, moth, urad are expensive.

Thursday : Rains are more, ghee is cheap. Oils and oil materials, gur, khand etc juicy material are expensive.

Monday, Wednesday, Thursday and Friday : Grains are cheap.

Virgo Ingress

Sunday : Grains, gold, silver etc metals, gur and sugar are expensive. There are fluctuations in oils, oil materials and ghee.

Monday : Grains, pulses, oil materials, gur etc are expensive. Silver and khand are cheap.

Tuesday : Pulses, wheat, cuminseed etc spices are expensive.

Wednesday : Ghee and silver are cheap.

Thursday : Wheat, gold etc are cheap.

Friday : Grains are cheap.

Saturday : Ghee, gur and khand are expensive. Cotton is cheap. Prices of gold, silver etc metals are medium.

Libra Ingress

Sunday : Grains, spices are expenses. Pulses are cheap.

Monday : The grains are medium in prices. Gur and khand are expensive. Prices of gold and copper fluctuate, silver, rice, pulses are cheap.

Tuesday : Grains, chillies, spices, gold, silver, pulses have medium prices. Arhar (a lentil) is expensive. Ghee and oils undergo fluctuations. Rice and cattles are cheap.

Wednesday : Grains such as wheat and rice and white things are cheap. Oils and oil materials are expensive.

Thursday : Grains and pulses are cheap. Oil materials and metals such as gold are expensive.

Friday : Grains are cheap. Juicy materials such as gur and khand and metals such as gold are expensive. Oils and pulses are medium.

Saturday : Wheat, rice, gram, gur, khand, ghee and oil materials are expensive. Cotton and silver are cheap.

Scorpio Ingress

Sunday : Grains, oils and oil materials, gold, silver etc metals, turmeric, chillies and spices are expensive.

Monday : Grains, silver, ghee are cheap but gold, iron and oil materials are expensive.

Tuesday : Grains, pulses, gur and khand are cheap.

Wednesday : Gur, khand, rice, silver and cotton are cheap but clothes and red colour goods are expensive.

Thursday : Juicy materials such as gur and khand, oils and red colour goods are expensive. Pulses, metals such as gold, silver and oil materials are cheap.

Friday : Grains and oils are expensive, pulses are medium. Gold and silver are initially expensive but later on are cheap.

Saturday : Grains are cheap after passing through fluctuations. Oil materials are medium. Prices of iron, brass, millet etc are high.

Sagittarius Ingress

Sunday : Grains, gold, oils and oil materials, gur, khand etc are medium. The grocery materials are expensive.

Monday : Wheat, rice , silver etc are cheap. Oils, oil materials, red colour things and iron are expensive.

Tuesday : Grains, oils and oil materials, ghee, cotton, silver, rice, red colour clothes etc are expensive. Pulses are cheap.

Wednesday : Pulses, cattlefeed, dry fruits, spices are cheap. Oils are medium.

Mundane Astrology

Thursday : Grains are cheap. Moong, urad, silver, juicy materials are expensive.

Friday : Grains and cotton are medium, gold and silver are expensive. Gur, oils and oil materials are cheap with some fluctuations.

Saturday : Grains, gold, silver etc metals, cotton and white things are expensive. Ghee and rice are cheap.

Capricorn Ingress

Sunday : When ingress is on Sunday, grains, gur, oil, oil materials, arhar, spices will undergo fluctuations but will be expensive.

Monday : Grocery materials, gur, khand, gold, cotton clothes, silver, rice, ghee and oil are cheap. Pulses are medium.

Tuesday : Grains, gur, khand etc juicy materials, oils are expensive. There are fluctuations in prices of gold, silver and grocery materials. Ghee and pulses are cheap.

Wednesday : Dry fruits are expensive. Gold, silver and yarn are cheap. Arhar, turmeric and spices are expensive. Ghee and rice are cheap.

Thursday : Grains, gur, khand and ghee are cheap. Gold, silver and grocery materials undergo fluctuations.

Friday : Wheat, gram, gur, khand are cheap. Gold undergoes fluctuations. Grocery materials are cheap.

Saturday : Grains are expensive after fluctuations. Juicy materials such as gur, khand, oil and oil materials are cheap. Gold is expensive but silver is cheap.

Aquarius Ingress

Sunday : Grains are expensive. Gur, khand, maize, cotton clothes and oil materials are cheap.

Monday : Wheat, barley, gram, gold , silver etc are cheap. Moong, urad, oils and oil materials are expensive.

Tuesday : Wheat, gram, pulses are expensive. Gold, silver, brass, zinc, coins are cheap.

Wednesday : Wheat, barley, gram, peas, spices are cheap. Pulses such as moong, urad, tuar are expensive.

Thursday : Moong, moth, maize, rice, millet, gold, silver, copper, brass, dry fruits and oils are cheap. Wheat, barley and silk are expensive.

Friday : Millet, maize etc are cheap. Wheat and gram are expensive with fluctuations. Til (sesame), oils, grocery materials, gur, khand, sugar etc are expensive.

Saturday : Wheat, gram, salt, chillies, ghee, milk are expensive. Pulses such as moong, moth, urad etc are cheap.

Pisces Ingress

Sunday : When Pisces ingress falls on Sunday, gold and silver are cheap. There are fluctuations in wheat, gram, maize, masoor (a lentil) and perfumes, ghee, oil, gur, khand and urad.

Monday : Wheat, gram, oils, mustard, cotton, ghee and milk are expensive.

Tuesday : Wheat, gram, cotton, yarn, moong, urad, masoor, gold and milk are expensive. Ghee is cheap.

Wednesday : Wheat, barley, gram, milk, perfumes are medium.

Thursday : Grains are cheap. Moong, urad, spices, oils, cotton and copper are expensive. Gold, silver and dry fruits are cheap.

Friday : Gold, silver, gur, khand, sugar, wheat, barley, salt, chillies etc are expensive.

Saturday : Grains such as wheat, gram, barley etc, oils, gur, khand, sugar are medium. The red colour things are expensive.

Important : The above results of ingresses are generally broad in nature. For minute results zodiac signs of planets, constellations etc are considered.

Results of Ingresses on the basis of Muhurtis

An Ingress has 3 types of muhurtis

i. 15 muhurti

ii. 30 muhurti

iii. 45 muhurti

i. If at the time of ingress entry there is a constellation out of Bharani, Ardra, Ashlesha, Jyeshtha or Shatbhisha, then ingress is 15 muhurti.

ii. If the constellation is Ashwini, Krithika, Mrigshira, Pushya, Magha, Poorvaphalguni, Hast, Chitra, Anuradha, Mool, Poorvashadh, Sharavan, Dhanishtha, Poorvabhadrapad or Revti then ingress is 45 muhurti.

iii. Rohini, Punarvasu, Uttaraphalguni, Vishakha, Uttarashadh or Uttarabhadrapad, the Sun ingress in any constellation out of these is 45 muhurti.

Results of Ingress based on Muhurti

1. In 15 muhurti, grains and juicy materials are expensive. Rains are less.

2. In 30 muhurti, grains, grass, juicy materials etc are medium.

3. In 45 muhurti, rains are good. The grains, ghee, oil, cotton etc are cheap.

The Transit of Moon

The Moon is a fast moving planet. It remains in a sign for $2^{1/4}$ days and in a constellation for approximately one day. It does not have a major influence on high-low prices of commodities but still there is some effect. Let us learn about it.

The Results of Entry of Moon in Signs

Aries : Wheat, gram, barley etc are expensive. Gold and silver are cheap.

Taurus : Wheat, urad (horsebean), peanut, cotton and silver are expensive. The cattles are cheap.

Gemini : Wheat, gram, cotton and yarn are expensive.

Cancer : Gold, silver, cotton and yarn are cheap.

Leo : Gold, silver and cotton are expensive.

Virgo : Metals such as gold and silver are expensive. Cotton is cheap.

Libra : Gold, silver, rice, ghee and cotton are cheap.

Scorpio : Gold, silver, cotton are cheap.

Sagittarius : Cotton, yarn and oils are cheap.

Capricorn : Metals such as gold and silver, clothes and fruits are expensive.

Aquarius : Gold, silver, cotton and yarn are cheap. Oils are expensive.

Pisces : Gold and oil materials are expensive. Silver is cheap.

Influence of Rise of Moon in Different constellations

In addition to the results discussed above, the rise of moon in various constellations has influence as described below :

Ashwini : Gold, silver and cotton are cheap.

Bharani : Silver, cotton and salt are cheap.

Krithika : Silver is cheap but cotton is expensive.

Rohini: Wheat, gram, gur and khand are expensive.

Mrigshira : Gold, silver and cotton are cheap.

Ardra : Gold, silver, copper, gur and khand are expensive.

Punarvasu : Gold, silver, wheat, gram, moong and urad are cheap.

Pushya : Gold, silver, gur, khand, cotton and wheat are cheap.

Ashlesha : Gold, silver and cotton are cheap.

Magha : The prices of gold, silver and cotton fluctuate.

Poorvaphalguni: Silver, wheat, gram, gur and khand are cheap.

Uttaraphalguni : Gold, silver, copper etc metals are cheap.

Hast : Gold, silver, copper are cheap. The oil materials are expensive.

Chitra : Gold, silver, wheat, gram and moong are expensive.

Swati : Gold, silver and cotton are cheap.

Vishakha : Gold, silver, cotton, yarn are expensive but oils are cheap.

Anuradha : Gold, silver are cheap. The wool is expensive.

Jyeshtha :Silver, cotton and yarn are cheap.

Mool : Silver, cotton and white clothes are expensive.

Poorvashadh : Gold, brass, gur and khand are cheap.

Uttarashadh : Gold, silver, gur, khand, salt and fruits are cheap.

Shravan : Gold, silver and grains are cheap.

Dhanishtha: Gold and silver are expensive. Gur and khand are cheap.

Shatbhisha : Gold is cheap but silver is expensive.

Poorvabhadrapad : Gold, silver, cotton and grains are cheap.

Uttarabhadrapad : Gold, silver, cotton and clothes are cheap.

Revati : Gold, silver and fruits are cheap.

Transit of Mars

Results of Mars in 12 signs

Aries : Grains are cheap. Gold, silver etc metals, gems, jute products, cotton and woolen clothes are expensive.

Taurus : Grains, red colour goods, clothes, gold, silver, copper etc metals and oils are expensive.

Gemini : Juicy materials such as gur and khand, copper and red things are expensive.

The joining of a benefic planet with Mars brings the prices of above materials down but joining of a malefic with Mars elevates the prices.

Cancer : Grains, gur, khand etc juicy materials, oils and oil materials are cheap.

Leo : Grains, gur, khand, gold, silver, red things and red clothes are expensive.

Virgo : Wheat, gram, red things and gold are expensive.

Libra : Grains, pulses, jute, cotton and yarn are expensive.

Scorpio : Grains , gur, khand etc juicy materials, metals such as gold and silver are expensive.

Sagittarius : Grains, metals such as gold and silver, oil materials and ghee are expensive.

Capricorn : Grains are cheap. Gur, khand, ghee, oil materials, metals such as gold and silver are expensive.

Aquarius : Grains, gur, khand and gold are expensive. Cotton and silver are cheap.

Note :

i. The influence of Mars in a sign is effective between 15 days to 1 month.

ii. The conjunction or aspect relationship between Mars and a benefic planet causes fall of prices but between Mars and a malefic planet elevates it.

Results of Mars in Various constellation

Ashwini : Grains, gur, khand and sugar are expensive. Gold and silver are cheap.

Bharani : Grains, metals such as gold and silver are expensive.

Krithika : Grains, moong, moth, pulses, ghee and silver are expensive.

Rohini: Oils, oil materials, red things and chillies are expensive.

Mrigshira : Til (sesame) and silver are expensive, grains and pulses will be cheap.

Ardra : Sesame, oil materials, gur, khand, cotton and salt are expensive. but silver is cheap.

Punarvasu : Oils , oil materials, silver, cotton and khand are expensive.

Pushya : Gold is expensive but silver remains cheap.

Ashlesha : Grains are expensive but silver and cotton are cheap. In the fourth pad of Ashlesha, the silver is very cheap.

Magha : Grains, pulses and oil materials are expensive.

Poorvaphalguni : Oils, oil materials, gur and khand are expensive.

Uttaraphalguni : Juicy materials such as gur and khand, transport cattles are expensive.

Hast : Juicy materials such as gur and khand, ghee and salt are expensive.

Chitra : Metals such as gold and silver, grains are expensive.

Swati : Wheat, oils, oil materials, woolen clothes are expensive but gold is cheap.

- Vishakha** : Wheat, cotton and clothes are expensive.
- Anuradha** : Grains, red things and clothes are expensive.
- Jyeshtha** : Silver is cheap. Gold and grains are expensive.
- Mool** : Grains such as wheat, barley and gram, pulses, gold and silver are expensive.
- Poorvashadh** : Grains are cheap, metals such as gold, silver, oils, oil materials, ghee etc are expensive.
- Uttarashadh**: oils, oil materials and cotton are expensive.
- Sharavan** : Grains, metals such a gold and silver are expensive.
- Dhanishtha** : Metals such as gold and silver are expensive. Gur, khand, ghee and grains are cheap.
- Shatbhisha** : Grains are cheap. Gold and silver too are cheap.
- Poorvabhadrapad**: metals such as gold and silver, oils, oil materials, cotton are expensive.
- Uttarabhadrapad** : Grains such as wheat, barley, gram etc, metals such as gold and silver, red things, perfumes etc are expensive.
- Revati** : Grains, pulses, gold are cheap but silver is expensive.
- Note :**
1. The influence of Mars in a constellation persists between 12 to 24 days after entry.
 2. The Mars in direct motion causes fall in prices of cotton after 3 days and keeps oils and silver expensive.
 3. The retrograde Mars keeps gold, silver, wheat, red things and goods influenced by own signs as expensive.
 4. When Mars rises, grains are cheap, oils and oil materials are expensive. This rise in prices takes places after 5 days.
 5. When Mars is combusted, grains such as wheat and gram and gur etc are expensive.
- The Results of Mars Changing to Direct Motion in Different Signs**
- Aries** : Grains are cheap.
- Taurus** : Red things are expensive.
- Gemini** : All materials may become very costly or very cheap all of a sudden.
- Cancer** : Herbs and vegetables are expensive.
- Leo** : Grains are expensive.

Mundane Astrology

- Virgo** : Oils, oil materials and wheat are expensive.
- Libra** : The grains are expensive in provinces of West and South.
- Scorpio** : Harmful for cattles.
- Sagittarius** : Grains are cheap.
- Capricorn** : The prices of grains are medium. The electronic goods are cheap.
- Aquarius** : Grains are expensive.
- Pisces** : Grains and ghee are cheap.
- Results of Entry of Retrograde Mars in Different Signs**
- Aries** : Grains are expensive.
- Taurus** : Red things are expensive.
- Gemini** : All goods become expensive or cheap gradually.
- Cancer** : Grains fluctuate, herbs are cheap.
- Leo** : Grains are cheap.
- Virgo** : Wheat, oils and oil materials are cheap.
- Libra** : Grains are cheap.
- Scorpio** : Cattles increase.
- Sagittarius** : Grains and ghee are expensive.
- Capricorn** : Wheat, electrical, electronic goods are expensive.
- Aquarius** : Grains etc are cheap.
- Pisces** : Grains and ghee are expensive.

Transit of Mercury

Results of Mercury in 12 Signs

- Aries** : Gur, khand, gram, oils, oil materials, gold, silver etc metals, gems are cheap.
- Taurus** : Grains, pulses, til (sesame) and oils are expensive.
- Gemini** : Gold and silver are cheap. There is fluctuation in oil materials. The cattles are expensive.
- Cancer** : Grains are medium. Gur, oils and oil materials are expensive. Silver and white things are cheap.
- Leo** : Grains are medium. Metals such as gold and silver, gur, khand etc are cheap.
- Virgo** : Grains, gur and sugar are expensive. Silver is cheap.

Libra : Juicy materials such as gur, khand and gold are expensive. The oil materials are cheap.

Scorpio : The grains are cheap. Oils , oil materials, ghee and silver are expensive.

Sagittarius : Silver, cotton, yarn and clothes are cheap.

Capricorn : Grains are medium. Gold and silver are expensive.

Aquarius : Gur, khand, oils and ghee are expensive. Silver and cotton are cheap.

Pisces : Juicy materials such as gur and khand, grains are cheap.

Results of Mercury in Different Constellations

Mercury in Ashwini : Grains such as wheat, gram, millet, pulses are expensive. Gur, khand, til, oil materials and silver are cheap.

Bharani : Wheat, rice etc are expensive.

Krithika : Grains and cotton are expensive. Silver is cheap.

Rohini : Oils, oil materials, gur, khand etc are expensive. The woolen and silk clothes are cheap. Cotton is expensive.

Ardra : Grains, til (sesame), moong, moth etc pulses are cheap.

Punarvasu : Silver, cotton and yarn are cheap.

Pushya : Gold and silver are cheap. Gems and woolen clothes are expensive.

Ashlesha : Oils, oil materials, gur, khand, moong etc are expensive.

Magha : Grains such as wheat, gram, barley etc, yarn and clothes are expensive.

Poorvaphalguni : Grains, gur, khand etc are cheap.

Uttaraphalguni : Pulses are expensive. Cotton and silver are cheap.

Hast : Grains are cheap.

Chitra : Grains are slightly expensive. Cotton and silver are unstable.

Swati : Cotton is cheap.

Vishakha : Grains and cotton are cheap.

Anuradha : Gold and silver are cheap. Grains are medium.

Jyeshta : Gur, khand, ghee and rice are expensive.

Mool : All grains, gold, silver are cheap.

Poorvashadh : All grains, gold, silver are cheap.

Uttarashadh : All grains are cheap.

Shravan : Gur, khand, rice, wheat etc are expensive.

Dhanishtha : Gold and silver are cheap. Grains and rice are expensive.

Shatbhisha : All grains are expensive. Gold and silver are cheap.

Poorvabhadrapad : Grains, gold, copper, silver are cheap.

Uttarabhadrapad : Grains, gur, khand etc are medium.

Revati : Juicy materials such as gur, khand, oil materials, ghee, silver, red chillies etc are cheap.

Note :

When Mercury Changes to Direct motion : Grains are expensive. Silver and cotton undergo fluctions initially and later on are expensive. Gur and perfumes are also expensive.

When Mercury is Retrograde : Juicy materials such as gur, khand are expensive. Grains are cheap.

When Mercury Rises: Wheat and gram are expensive.

When Mercury is combusted : Wheat, gram, ghee etc are cheap.

Results of Direct Motion Mercury in Different signs :

Aries : Cattles are cheap.

Taurus : Yarn, clothes, wheat, silver, sugar are cheap.

Gemini : Pulses are cheap.

Cancer : Silver, yarn, rice are cheap. Materials grown in water are expensive.

Leo : Cotton, jute materials and shares are cheap.

Virgo : Dry fruits are expensive.

Libra : Ghee, sugar, herbs are expensive.

Scorpio : Oil materials are expensive.

Sagittarius : Gur, khand, rice are expensive.

Capricorn : Mustard etc are cheap.

Aquarius : Gold and leather are expensive.

Pisces : Gur, khand and oil materials are cheap.

Results of Entry of Retrograde Mercury in Different Signs

Aries : Grocery materials are expensive.

Taurus : Silver is expensive.

Gemini : Vegetables are cheap.

Cancer : Grains are cheap.

Leo : Grains and metals are expensive.

Virgo : Grains are cheap.

Libra : Gold is expensive.

Scorpio : Juicy materials such as gur are expensive.

Sagittarius : Dry fruits are expensive.

Capricorn : Oils and oil materials are expensive.

Aquarius : Juicy materials such as gur and khand are expensive.

Pisces : Rice, ghee are expensive.

Transit of Jupiter

Aries : Gold, silver, copper, gur etc are cheap.

Taurus : Grains and silver are expensive. Coral, pearl, red clothes etc are cheap. During the month of Chaitra, oils and ghee are expensive. During Shravan gram is expensive.

Gemini : Metals such as gold, silver, copper, cotton clothes, oil materials, ghee etc are expensive. Goods are cheap after Margheersh.

Cancer : Grains, gur, khand etc, ghee and cotton are expensive.

Leo : Grains and ghee are expensive. Metals such as gold, silver, copper etc are cheap.

Virgo : Grains, pulses, oils, oil materials, ghee etc are expensive. Cotton, silver, woolen clothes and metals are cheap.

Libra : Gold, cotton, coconut, gur, khand are expensive. Oils , oil materials and ghee are cheap.

Scorpio : Metals such as gold, silver, copper, oils, oil materials, ghee, gur and white things are expensive.

Sagittarius : Juicy materials such as gur, khand etc are very cheap. Grains, oils, oil materials, ghee, gold, silver are cheap.

Capricorn : Grains, metals and peanuts are expensive.

Aquarius : Metals such as gold, silver, white things are cheap for first 3 months and later on are expensive.

Pisces : Juicy materials such as gur and khand, pulses, til (sesame), oil materials and ghee are expensive.

Results of Stay of Jupiter in Different Constellations

Ashwini : When Jupiter is in Ashwini, grains, gold, silver etc are cheap.

Bharani : Metals such as gold, silver, gems, grains, pulses are cheap.

Krithika : Grains and cotton are cheap. Gur, khand and metals pass through fluctuations.

Rohini : Gold, silver, gur , khand etc are cheap. During second pad of Rohini grains and silver are expensive. There are fluctuations in gur, khand etc, dry fruits and spices. During third pad, grains, gur, khand etc, ghee, til and oils are expensive. During 4th pad of Rohini grains, oils, oil materials, gur, khand etc and ghee are cheap.

Mrigshira : Ghee and silver are cheap. During first pad til and cotton, in second pad root vegetables, til (sesame) and rice, during third and fourth pad grains are expensive.

Ardra : Cotton is cheap. During first and second pad metals, gems, perfumery and all juicy materials are expensive. During third pad, metals such as gold, silver, and oils are expensive. During fourth pad grains, perfumes and all juices are cheap.

Punarvasu : Grains, pulses and metals etc are expensive. During first and second pad silver and cotton are cheap.

Pushya : Grains, gold, silver, oils, oil materials, ghee and cotton are expensive.

Ashlesha : Grains, metals such as gold and silver, oil materials and ghee are expensive.

Magha : Grains, gold, silver etc, gur, khand etc are cheap.

Poorvaphalguni : Grains, juicy materials, metals such as gold, silver are cheap.

Uttaraphalguni : Grains, gur, khand, metals etc are cheap. During first pad silver and white things are very cheap.

Hast : Wheat, gram, turmeric, gold, silver, oils, ghee , gur, khand and cotton are cheap.

Chitra : Grains, silver, gur and khand are cheap. During third and fourth pad these things are expensive.

Swati : Grains, gold, silver and juicy materials are cheap.

Vishakha : Grains, juicy materials such as gur, khand and pulses are expensive. Cotton is cheap.

Anuradha : Grains, metals such as gold and silver, juicy materials are cheap.

Jyeshtha : There are fluctuations in grains. Silver is cheap.

Mool : Pulses, grains, gold and silver are cheap.

Poorvashadh : Grains, metals such as gold and silver, cotton, gur, khand etc are cheap.

Shravan : Grains, gur, khand, gold, silver etc are cheap.

Dhanishtha : Wheat, rice, barley, gram, other grains, pulses and cotton are cheap. Metals such as gold, silver and juicy materials are expensive.

Shatbhisha : Grains, gold, turmeric, saffron are cheap. Silver and white things are expensive.

Poorvabhadrapad : Grains, gold, silver, cotton clothes, gur etc are expensive.

Uttarabhadrapad: Grains, gold, pulses, ghee etc are expensive.

Revati : Grains and silver are cheap. Gold is expensive.

Important

- When Jupiter comes in direct motion, grains, metals and pulses are cheap. Jupiter in retrograde motion brings down the prices of grains, elevates metals such as gold, silver.
- When Jupiter rises, gold is cheap, silver is expensive.
- When Jupiter is combusted gold, silver and grains become cheap.

Results of Direct Motion Jupiter's Stay in Different Signs

Aries : Ghee, oils, juicy materials are cheap.

Taurus : Gold, rice, cotton clothes, yarn etc are cheap.

Gemini : Grains are cheap.

Cancer : Materials grown in water are cheap.

Leo : Rice, ghee, cotton, silver etc are expensive.

Virgo : Silver is cheap.

Libra : Grains, jute products and brass are cheap.

Scorpio: Gur, khand etc are cheap.

Sagittarius : Oils, oil materials, ghee and grains are cheap.

Capricorn : Grains are expensive.

Aquarius : All materials are expensive.

Pisces : Grains, oils, ghee, gur, khand, jute materials are cheap.

Results of Retrograde Jupiter's Stay in Different signs

Aries : Til (Sesame), oil materials, perfumes etc are expensive.

Taurus : Gold, ghee and oils are expensive.

Gemini : All grocery materials and brass are expensive.

Cancer : Oils, ghee, gur etc are expensive.

Leo : Gold and silver are cheap but grains are expensive.

Virgo : Gur, all grains and oils etc are cheap.

Libra : Oils, oil materials, ghee, perfumes etc are expensive.

Scorpio : All grains and ghee are expensive.

Sagittarius : Juicy materials such as gur, oils, ghee and grains are expensive.

Capricorn : All grains are cheap.

Aquarius : Ghee and oil materials are expensive.

Pisces : Cotton, gur, khand, oil, ghee etc are expensive.

Transit of Venus

Aries : Grains, ghee, gold, silver, gur, khand etc are expensive. Oils and oil materials are cheap.

Taurus : Grains, cotton etc are cheap. Gold and silver are expensive after passing through fluctuations.

Gemini : Wheat, gram, barley etc grains are expensive. Oils , oil materials, jute fabrics, yarn and clothes are cheap.

Cancer : Wheat, barley, gram, peas, arhar etc are cheap. Juicy materials such as gur, khand, oils and ghee are expensive.

Leo : Grains , gold, copper, red things, ghee and juices are expensive.

Virgo : Grains, gur, khand, wood and silken clothes are expensive.

Libra : Juicy materials such as gur, khand are expensive. The grains are cheap if influence of benefic planets is available and will be expensive if malefics are aspecting or joining Venus.

Scorpio : Grains such as wheat and barley, pulses are cheap if influence of benefic planets is available. Gur undergoes fluctuation. The influence of malefics causes high prices.

Sagittarius : Grains, gold, silver etc metals, clothes and shares are expensive.

Capricorn : Grains, gur, khand and ghee are expensive. The cotton and silver are expensive after passing through fluctuations.

Aquarius : Grains, pulses, white things, gur, khand, silver etc are cheap.

Pisces : Grains, oils, oil materials, gur, khand etc are cheap. If Venus is joined or aspected by a malefic, silver is expensive . The aspect or joining by a benefic brings prices down.

Results of Venus in Different Constellations

- Ashwini** : Grains, pulses, oils , oil materials, gold, gur and khand are cheap.
- Bharani** : Gold, silver , oils, oil materials and ghee are cheap. Grains and pulses are expensive.
- Krithika** : Oil, oil materials, gold, silver, gems, rice etc are cheap.
- Rohini** : Metals such as gold and silver, oils, oil materials, gur, khand, dry fruits are cheap.
- Mrigshira** : Grains are cheap. Juicy materials such as gur, khand are expensive.
- Ardra** : Grains, pulses and ghee are cheap.
- Punarvasu** : Grains are expensive. Metals such as gold, silver, yarn are cheap.
- Pushya** : Grains, woolen and silken clothes are expensive. Juicy materials such as gur and khand are cheap.
- Ashlesha** : Rice, tuar etc grains are cheap.
- Magha** : Grains such as wheat are expensive.
- Poorvaphalguni** : Grains and pulses are cheap.
- Uttaraphalguni** : Grains and cotton are expensive. Metals such as gold pass through fluctuations.
- Hast** : Gold and silver are expensive. Grains such as wheat are cheap. Juicy materials such as gur and khand have fluctuations.
- Chitra** : Grains and metals have medium prices.
- Swati** : Grains are cheap. Gur, khand etc are expensive.
- Vishakha** : Grains are expensive.
- Anuradha** : Gur, khand etc, rice, salt are cheap.
- Jyeshtha** : Grains are expensive. Metals such as gold, silver, til (sesame) and oils are cheap.
- Mool** : Grains and cotton are expensive, gold is unstable.
- Poorvashadh** : Oils, oil materials, pulses and salt are cheap.
- Uttarashadh** : Grains are expensive. Metals such as gold, silver, juicy materials are cheap.
- Shravan** : Grains, pulses, gold, silver, gur, sugar etc are cheap. Til (sesame) and oils are expensive.

Dhanishtha : Grains are cheap. Pulses, rice gold, silver, cotton etc are expensive.

Shatbhisha : Grains, metals such as gold and silver, oil materials, ghee, gur, khand etc are expensive.

Poorvabhadrapad : Grains are cheap but cotton etc are expensive.

Uttarabhadrapad : White things, rice, pearl, salt, khand, cotton etc are cheap.

Fruits, seasonal and dry are expensive.

Revati : Juicy materials such as gur, khand, white things, silver and gems are cheap.

Important Points

1. When Venus changes to direct motion grains, gur, ghee, gold, silver and gems are expensive but cotton is cheap. When Venus changes to retrograde motion, grains such as wheat, gur, khand, ghee, oils etc are expensive.

2. When Venus is combusted, metals such as gold and silver are expensive. Grains become expensive initially but are cheap later on.

When Venus rises, gold, silver, yarn, clothes, rice etc are expensive. Ghee and khand are cheap.

Results of Direct Motion of Venus in Different Signs :

Aries : Til (sesame), oils, juicy materials such as gur are cheap.

Taurus : Juicy materials such as gur, ghee and rice are expensive.

Gemini : Cotton, cotton clothes are cheap.

Cancer : Cattles are cheap.

Leo : Food materials and grains are expensive

Virgo : Silver, juicy materials and rice are cheap.

Libra : Ghee , rice and yarn are expensive.

Scorpio : Grains are expensive.

Sagittarius : Cotton and yarn are cheap.

Capricorn : Juicy materials such as gur and khand are cheap.

Aquarius : Yarn, silver and clothes are expensive.

Pisces : All grains and things are cheap.

Results of Retrograde Venus in Different Signs

Aries : All trades are sluggish.

Taurus : Sugar and khand are expensive.

Gemini : Cotton and yarn are expensive.

Cancer : Cotton and yarn are expensive.

Leo : Metals and cattles are expensive.

Virgo : Rice, yarn and ghee are expensive.

Libra : Rice and juicy materials are expensive.

Scorpio : All grains are cheap.

Sagittarius : Spices and cotton are cheap.

Capricorn : Prices undergo changes.

Aquarius : Prices undergo changes.

Pisces : Cotton, yarn and cloth are cheap.

Transit of Saturn

1. Aries : When Saturn resides in Aries, oils and oil materials, juicy materials such as gur, khand, gold, silver, copper etc metals, gems, all machineries and hardwares are expensive. However when Saturn is in 28-29°, prices go down.

2. Taurus : Grains, oils, oil materials, jute products, juicy materials such as gur, khand etc are expensive. Saturn is less influential in first navmansh but in last 2 navmansh above things are cheap.

3. Gemini : Oils and oil materials, grains, gur, khand etc juicy materials and machine parts made from iron are expensive. However gradually after passing through each navmansh the prices of above things may go down.

4. Cancer : Oils, oil materials, metals such as gold and silver, cotton etc are expensive. The prices are high in first three and last three navmanshes. However prices are low in middle three navmanshes.

5. Leo : Oil materials, juicy materials, grains and pulses are expensive. Particularly in 3rd navmansh, prices are high.

6. Virgo : Gold, silver etc metals, gems, gur etc are cheap. During first navmansh gur and khand are cheap particularly. In other navmanshes the prices may be high if there is influence of malefics on Saturn. This situation of Saturn makes grains expensive.

7. Libra : Grains, pulses and juicy materials are expensive. Oils are cheap after 15°.

8. Scorpio : Oils, oil materials, grains and silver are expensive. If Saturn is under the influence of benefic planets , prices fall.

9. Sagittarius : Grains, juicy materials, wood and wooden materials, iron machine parts are expensive. The influence of benefics on Saturn makes grains cheap.

10. Capricorn : Grains, metals such as gold and silver, cotton are expensive. However prices change after 15°. The machinery is expensive.

11. Aquarius : Grains, gold, silver etc metals, oils are expensive in first 10°. The prices are low between 10 to 20°.

12. Pisces : Grains, juicy materials such as gur, khand, ghee are expensive in first 6° and cheap in next 6°. This cycle continues. Same is the result for metals such as gold.

Results of Saturn's Stay in Different Constellations

1. Ashwini : Oils, oil materials, grains, yarn, red chillies, ghee etc are expensive. These high prices are maintained upto 1°. Prices are low later on. However cotton is cheap upto first 1° and expensive later on.

2. Bharani : Oils, ghee, gur, khand are expensive in 3rd pad of Bharani.

3. Krithika : Metals such as gold and silver are expensive and grains are cheap. Oils are expensive in 3rd and 4th pad.

4. Rohini : Grains and pulses are cheap in 1st and 3rd pad and expensive in 2nd and 4th pad. Metals such as gold and silver are expensive in 1st and 3rd pad and cheap in 2nd and 4th pad.

5. Mrigshira : Grains and pulses are cheap during first, third pad and expensive in 2nd, 4th pad. Metals such as gold and silver experience fluctuations. Oils and juicy materials are expensive during 4th pad.

6. Ardra : Grains, juicy materials, oils, oil materials and ghee are cheap in first pad. Grains and pulses are expensive in second pad but cheap in third and fourth pad.

7. Punarvasu : Grains and cotton are expensive. Oils, oil materials, machinery parts are cheap.

8. Pushya : Grains and pulses are cheap in first pad. The juicy materials such as gur and khand are expensive. During 2nd and 3rd pad grains are expensive but ghee, gur, khand etc are cheap. During 4th pad grains are cheap again, ghee and gur are expensive.

9. Ashlesha : During first pad grains, til and oil materials, iron machinery parts etc are cheap. During remaining 3 pads the above materials are expensive.

10. Magha : Oils , ghee, gur, khand are expensive in 1st pad and cheap in 2nd. Dry fruits and perfumes are expensive in 2nd pad. The above mentioned materials are expensive in 3rd pad but these are cheap in 4th pad. However ghee is expensive.

11. Poorvaphalguni : Oils, oil materials, grains and pulses are unstable in first pad. During 2nd pad these materials are expensive.

12. Uttaraphalguni : During first pad oils, ghee, cotton and sugar are expensive. During second pad juicy materials and grains are expensive. In third pad grains are expensive while in fourth metals are expensive.

13. Hast : Grains and pulses are expensive. During first pad cattles are expensive. In 2nd , 3rd pad gur, khand are expensive while in 4th grocery materials are costly.

14. Chitra : During first pad grains are expensive but silver, ghee etc are cheap. In remaining 3 pads influence of malefics makes grains, gur, khand expensive while influence of benefics makes these materials cheap.

15. Swati : During first pad grains and pulses are cheap. In 2nd pad grains, oil materials, iron parts etc are expensive. In 4th pad gur-khand, ghee etc are expensive.

16. Vishakha : Grains, pulses, oil materials, iron, machinery etc are expensive.

17. Anuradha : Grocery materials and grains are expensive. During 4th pad cotton is expensive.

18. Jyeshtha : Grains, gold, silver etc are expensive.

19. Mool : All grains, oil materials and silver are expensive. Prices are low in 4th pad.

20. Poorvashad : Grains are cheap. Oils and grocery materials are cheap in 1st pad.

21. Uttarashad : Grains, machinery, iron parts and dry fruits are expensive.

22. Shravan : Grains are expensive in 1st pad, cheap in 2nd, again expensive in 3rd and cheap in 4th pad.

23. Dhanishtha : Grains, pulses and grocery materials are expensive. Juicy materials such as gur, khand and iron machinery parts are cheap.

24. Shatbhisha : Grains, pulses, gur-khand etc, grocery materials are cheap in 1st and 2nd pad but are expensive in 3rd and 4th pad.

25. Poorvabhadrapad : Grains, oil materials and pulses are expensive.

26. Uttarabhadrapad : Grains, pulses, oil materials and metals are expensive.

27. Revti : Metals such as gold and silver are cheap. Grains, oils, pulses are expensive. The juicy materials are also expensive in 4th pad.

Important Results:

1. When Saturn changes to direct motion, oil materials, chillies and asafoetida are expensive for 2 months. When Saturn changes to retrograde motion, oils, grains, ghee become expensive.
2. When Saturn rises in any sign, mustard oil, peanuts and cotton are cheap for 1 month while iron, gur, khand are expensive. When Saturn is combusted gold etc are cheap but grains are expensive.

Mundane Astrology

3. When Saturn is retrograde in Uttarashadha and comes in Poorvashadha then there is drought and grains become expensive.

When Saturn is retrograde in Magha and comes in Ashlesha, wheat and ghee are expensive.

Results of Direct Motion Saturn Situated in Different Signs

Aries : Grains are expensive.

Taurus : Iron, copper etc metals are cheap.

Gemini : Ghee, silver, cotton etc are cheap.

Cancer : Red chillies and oils are cheap.

Leo : Grocery materials are cheap.

Virgo : Oils and juicy materials are cheap.

Libra : Metals such as silver are expensive .

Scorpio : Spices such as chillies are expensive. Coriander is cheap.

Sagittarius : Grains are expensive but oils are cheap.

Capricorn : All commodities are unstable.

Aquarius : Grains are cheap.

Pisces : Grains are expensive.

Results of Retrograde Saturn Residing in Different Signs

Aries : Oils are expensive.

Taurus : Grains, peanuts etc are expensive.

Gemini : Grains such as wheat and pulses are expensive.

Cancer : Red chillies and oils are expensive.

Leo : Grocery materials are expensive.

Virgo : Grains and juicy materials are expensive.

Libra : Metals such as silver are cheap.

Scorpio : Spices are cheap.

Sagittarius : Gur-khand are expensive but oils are cheap.

Capricorn : Prices of all commodities are stable.

Aquarius : Grains are expensive.

Pisces : Grains are cheap.

Transit of Rahu

Results of Rahu's Stay in Different Signs

1. **Aries** : Grains are expensive. There is drought due to lack of rains.
2. **Taurus** : Juicy materials such as gur, khand, oils, oil materials and grocery goods are expensive.
3. **Gemini** : Grains and ghee are expensive for first 9 months but are cheap later on. Gold and silver are cheap initially but costly later on.
4. **Cancer** : Grains are expensive but metals such as gold, silver, iron etc are cheap.
5. **Leo** : Grains are cheap but pieces and other grocery materials are expensive.
6. **Virgo** : Oils and oil materials are cheap. Cotton is expensive.
7. **Libra** : Grains are expensive. There is drought due to lack of rains.
8. **Scorpio** : Metals such as gold, silver, grains are unstable with fluctuations.
9. **Sagittarius** : Grains, cotton and yarn are cheap.
10. **Capricorn** : Grains such as wheat, gram barley etc are cheap but metals such as gold, silver are expensive.
11. **Aquarius** : Grains and grocery materials are expensive.
12. **Pisces** : Grains are initially expensive but cheap later on. Metals such as gold and silver are cheap.

Example

Now it is possible to learn about changes or high-low levels of prices of different materials, metals etc on the basis of transits of planets. We can find from ephemeris situation of various planets in different signs and constellations. The direct or retrograde motions of planets also have an influence on market prices. In this manner we can see the written result about grains on the basis of situation of every planet. By the changing of signs, constellations or motion by planets there will be changes in prices of grains. In this manner every month planets change their signs, constellation and motion.

Suppose we wish to forecast the prices of grains in August 2002. For this determine the situation of planets in constellations from ephemeris.

In August, Sun is in Pushya till 3rd August, in Ashlesha till 15th August and in Magha till 31st August.

Similarly, Mars is in Ashlesha till 19th August and later on is in Magha.

Mercury is in Ashlesha till 3rd August, in Magha till 10th August, in Poorvaphalguni till 19th August and is in Uttaraphalguni till 30th August. Jupiter is in Pushya throughout the month. Venus is in Uttaraphalguni till 11th August, in Hast upto 24th August and in

Chitra till month end. Saturn is in Mrigshira in August. The Mercury will rise on 4th August.

Now on the basis of results available in this book, due to Sun's presence in Pushya, Ashlesha and Magha , grains are expensive. Grains are expensive when Mars is in Ashlesha and Magha. Mercury in Ashlesha and Magha gives high prices but in Poorvaphalguni keeps low prices. The Jupiter of Pushya keeps prices high.

The Venus in Uttaraphalguni gives fluctuations in grains but in Hast prices go down. The Saturn in 3rd pad of Mrigshira gives low prices but in 4th pad prices are high.

Therefore according to ephemeris in this month grains will be expensive. However arrival of Mercury on 10th August in Poorvaphalguni and entry of Venus on 11th August in Hast will bring the prices of grains down. The Leo ingress on 17th August on Friday is 15 muhurti that indicates low prices of grains.

In this manner we can find out high-low prices for every day. Similarly we can learn about high-low prices of gold, silver, gur, khand, pulses, oil materials and ghee on the basis of transit in constellations.

Questions

1. How many types of muhurtis are there for an ingress?
2. What will be the muhurti if Magha is the constellation at the time of ingress?
3. What is the result of 45 muhurti?
4. For how many days is Mars influential on prices after entering a sign?
5. Which materials are expensive or cheap after rise and combustion of Mars?
6. When Mercury changes to direct or retrograde motion which materials become expensive or cheap?
7. What is the effect on metals by rise or combustion of Jupiter ?
8. When Venus changes to retrograde motion, grains become expensive or cheap ? Tell the results of retrograde motion of Venus in all 12 signs.
9. What will be the influence of direct and retrograde motion of Saturn on the market of oils ? Describe briefly.
10. What are the results of entry of Retrograde Saturn in Poorvashad and Ashlesha ? Tell the high-low prices of grains on 11th December 2002 on the basis of transit of planets.

CHAPTER-11

RESULTS OF ECLIPSE

Influence of Eclipses on Metals, Things and Grains etc

The cycle of rise-setting of Sun-Moon continues uninterruptedly according to laws of nature. From time to time there are solar and lunar eclipses. These also influence metals, goods, grains etc. We shall now discuss effects of solar eclipse in different months.

Results of Solar Eclipse

1. **Chaitra** : Gold and grains become expensive quickly.
2. **Vaishakh** : Til (sesame), oil materials, moong (kidney bean), cotton cloth, yarn, cotton and wheat are expensive.
3. **Jyeshtha** : Gold and grains are cheap.
4. **Aashadh** : Grains are expensive. There is drought.
5. **Shravan** : Grains are cheap but juicy materials are expensive.
6. **Bhadrapad** : Grains are cheap. Other goods are also cheap.
7. **Ashwin** : Grains are cheap but oil materials and ghee are expensive slightly.
8. **Kartik** : All grains, ghee, cotton, clothes etc become cheap.
9. **Margsheersh** : Grains, gur, khand, oil materials, ghee etc are expensive.
10. **Paush** : All grains are expensive.
11. **Maagh** : Grains are cheap, ghee is expensive. The rains are sufficient.
12. **Phalgun** : All grains, oil materials, gur, khand, juicy materials, ghee etc are expensive.

Results of Lunar Eclipse

1. **Chaitra** : Grains are expensive in coming months.
2. **Baisakh** : Grains are cheap, ghee is expensive and rains are sufficient.
3. **Jyeshtha** : Grains, oils, oil materials, gur, khand are cheap.
4. **Aashadh** : Grains, ghee, oil materials, gur khand, cotton and yarn are expensive.
5. **Shravan** : Grains are expensive but juicy materials are cheap.

6. Bhadrapad : Grains are cheap. Gur, khand, ghee and oil materials are expensive.

7. Ashwin : Grains and cotton are expensive.

8. Kartik : Grains are cheap and easily available.

9. Margsheersh : Grains are expensive in coming months.

10. Paush: Grains such as wheat, gram, ghee, oil materials, gur, khand etc are expensive.

11. Maagh : Grains, ghee, oil materials, gur, khand etc are expensive.

12. Phalgun : Grains are expensive initially but cheap later on. Ghee, oils, gur and khand are expensive.

The Results of Weekday Falling on Solar Eclipse :

1. If solar eclipse is on Sunday, grains, pulses, gur, khand etc are expensive after 2½ months.

2. Monday : Oil materials, oils, ghee, moong (kidney bean), urad (horse bean), other pulses are expensive.

3. Tuesday : Cotton clothes, cotton, ghee, gur, sugar, grains are expensive between 2 to 4 months.

4. Wednesday : Grains, yarn, cotton and steel are expensive after 2 months.

5. Thursday : Yellow things, til, oil materials, dry fruits, perfumes are expensive.

6. Friday : Grains are cheap but yarn, cotton, ghee etc are expensive.

7. Saturday : Til (sesame), oil materials, red and yellow things, copper, tobacco are expensive after 2 months.

The Results of Weekday Falling on Lunar Eclipse :
